JACKSON NOT INVOLVED IN GRAFT PROBE

—Commissioner Morse.

Statement to the City Council
Declares Commissioner's
Name Is in No Way Linked
With Charges at Hearing

Civil Service Board May Call
Independent Investigation
After Morse Finishes; Jack-
Woolley May Be Called

"That the name of Dr. F. F. Jack-
son, accused together with Chief
of Police J. H. Neiderman of Chin-
atown graft in the so-called 'con-
fession' of Police Chief Charles Night-
ingale, has not been involved in the
hearing held before him, was re-
sponded today Commissioner Fred
Morse to the council.

"I refer to certain public state-
ments concerning alleged miscon-
duct and incompetency of the chief
of police, with which have been as-
sociated the name of Dr. Jackson,
commissioner of streets.

NO EVIDENCE HAD
TO INVOLVE JACKSON

I have been investigating the
matter in my office for the past
three days during which time I have
examined numerous witnesses, and
have practically finished the investi-
gation, excepting as to certain mat-
ters relating only to police adminis-
tration.

"All evidence that has been sub-
mitted has been given under oath
and transcribed in writing by com-
petent court stenographers. This evi-
dence will be made available to the
public at a proper time.

"In fairness to the public and to
Dr. Jackson, the commissioner whose
name has been linked with the al-
leged misconduct, I desire to state
that no evidence has been received
to indicate that Dr. Jackson is or
has been in any way connected with
the alleged misconduct."

"The record of our examination
does not mention Dr. Jackson's
name," said Morse, in commenting
on the letter. "In fact, feeling that
Dr. Jackson was not in my jurisdic-
tion, I did not ask witnesses if he
was connected in any way with the
charges, save in two cases where I
asked, patrolmen regarding any
higher officials being connected with
matters they spoke of, when in each
case it was stated that they knew
nothing of such participation."

"CORRUPT ELEMENT" IS
BLAMED FOR ATTACK

Dr. Jackson, although on his vaca-
tion, was present at today's meet-
ing. Commissioner W. H. Edwards
was in custody of business, and
Jackson attended so that there might
be a quorum.

After Morse's letter had been read,
Jackson offered the following state-
ment:

"For nearly four years now I have
been the target at which the corrupt
element in our city has shot.

"Each time, prior to elections, they
have attempted to discredit and vilify
me. Each time they have failed, and
the same source. Knowing, at all
times, that these charges were vici-
ously false, it has been hard for me
to take the law into my own
hands in defense of my honor, but I
realize that the thinking people of
our city would, in due time, learn
that all of these charges were made
by the corrupt element in order to
harm themselves.

"During my term of office there
has not been one instance when my
actions have ever been questioned by
any substantial or recognized body
or person.

"Never has a vote of mine in the
council been questioned.

"Never has a vote of mine in the
council been cast except in favor of
the advancement of Oakland.

"While I realize in my heart that
no official act of mine could be even
the subject of suspicion, yet it is most
gratifying to know that after three
years of attacks, framed up testi-
mony they could not produce one
single bit of evidence against me."

CIVIL SERVICE BOARD
MAY MAKE INVESTIGATION

Action is contemplated in the Civil
Service Board in connection with the
graft charges it developed today,
when it was learned, that George
Kaufman of the board had completed
an investigation of his own, and will
be ready, after the Morse hearing,
to call for civil service board hear-
ings on the men affected.

The civil service board has the
right to make investigations or wipe
out records of any man deemed
undesirable, this automatically
removing them from office in the
police department.

Jack Woolley, former Police Cap-
tain Thorwald Brown styled "King
of Gamblers" in the municipal square,
recently made by him, and which re-
sulted in Brown's suspension for
thirty days when he could not bring
proof of his allegations, may be a
"strong witness" in the investigation of
graft conditions in the police force
now being conducted by Commis-
sioners F. F. Morse and Fred
Seiderberg, it was indicated today.

Neiderman has not offered any
witnesses in the present hearing, and
says he will not unless ordered to do
so by Morse. "It is up to Petersen
to prove his charges, not up to me to
disprove them," he says.

American Forces to Be Reduced to Rhine Occupation

PARIS, May 2. (By United Press)—The American expeditionary force will be reduced solely to the army of occupation along the Rhine, as rapidly as possible, it was announced today.

Three hundred thousand American soldiers will be sent home during May and a like number in June. After the first of July the use of the French ports will be abandoned, American-controlled railways returned to France, and American military police withdrawn. Antwerp will then become the American supply base under command of Brigadier General W. D. Connor. Communications hereafter will be through Belgium.

CARMAN WHO RESISTS BANDIT SHOT; MAY DIE

Shot down by a masked footpad after he had resisted an attempt at robbery, Carman Beads, a motorman, is at death's door at the Emergency hospital. The police are on the trail of his assailant, believed to be the same hold-up man who in the past few days has perpetrated a number of robberies in West Oakland.

Beads, who lives at 4918 Telegraph avenue, was accosted early this morning by the footpad at Eighth and Kirkham streets. The robber held a revolver against Beads' side and ordered him to hold up his hands. The conductor, instead of obeying, struck at the footpad, who stepped back and shot him. He then fled.

Neighbors, who heard the shot, hurried out to find Beads lying on the sidewalk. They summoned the police. Beads was hurried to the Emergency hospital, where Dr. W. H. Irvine and Dr. A. C. Smith operated at once, extracting the bullet, which had entered the abdomen. His chances for recovery, according to the doctors, are slight.

N. Y. INSTITUTE RAIDED; BOMB CLEWS FOUND

Bottles With High Explosives Found and Doctor Held; Says Materials Given Him by Another Man "to Keep"

Another Vital Clew Believed in Hand in Identity of the Paper Maker; Fingerprints Examined by the Police

BULLETIN
PHILADELPHIA, May 2.—Three Hungarians were arrested this afternoon as they were leaving the estate of State Senator T. Larry Eyre at Westchester. Agents of the Department of Justice left here at once for Westchester. The arrests may be in connection with the nation-wide bomb plot discovered two days ago in New York. One of the bombs intercepted in the mails was addressed to Senator Eyre.

NEW YORK, May 2.—Federal and city authorities were working on three new clues in the nation-wide bomb plot today. They are:

First—Officers, raiding the Baldwin Medical Institute, West Forty-fifth street, found two packages containing twelve bottles of high explosives, according to labels—T. N. T., nitro-glycerine, nitrate of ammonia and smokeless powder.

Second—A finger print was found on the glass container of the bomb sent to Mayor Hylan of New York.

Arrest of a man giving his name as Dr. Charles L. Baldwin of the Baldwin Medical Institute was the first positive development today. Bomb squad detectives found at Baldwin's institute two packages, each holding six bottles labeled "T. N. T.," "nitro-glycerine," "explosives," "nitrate of ammonia," and "smokeless powder." The labels indicated that inside the bottles were quantities of T. N. T., nitro-glycerine, smokeless powder and nitrate of ammonia. The bottles were turned over to the bureau of investigation to determine whether they really held explosives.

SAYS BOMBS GIVEN BY MAN TO KEEP

Baldwin said the bombs were given to him by a man in Philadelphia to keep in his office. He said the man was arranged on the charge of violating the Harrison anti-narcotic law because of the discovery of other evidence against him and will be held on this charge, pending the result of the investigation. He was released on \$1,000 bond.

Federal and police investigators expressed opinion that they had found a clew that led to the discovery of the conspirators, when they learned the identity of the manufacturer of peculiarly designed paper with which the boxes containing the bombs were lined.

The paper was only a few hundred sheets of the paper had left his stock and that he could furnish a list of his patrons into whose possession the paper went. The paper was of pale greenish-brown design.

Dr. J. J. McLaughlin, treasurer of the De Jonge concern, said the company had been manufacturing the kind of paper in which the bombs were wrapped only a short time, but he had been manufacturing it in New York, Chicago, St. Louis, Philadelphia and other large cities. It is of a quality usually employed in wrapping jewelry, toilet articles and the like.

FINGERPRINTS MAY BRING FORTH CLEW

Experts are now working with Police Inspector Faurot in an effort to identify the fingerprint found on the bomb sent to the mayor.

The police authorities expressed confidence that no more of the internal machines mailed from New York will be exploded. Practically all are believed to have reached their destinations. The country has been so alarmed by warnings sent broadcast that there is little likelihood of any more packages being opened by would-be victims, if there are any more in the mails.

The New York police made the promise of arrests within thirty-six hours and Deputy Commissioner Lacey added:

"We know what we are promising. It was understood today that warnings have been sent to members of the American peace delegation in Paris to look out for the internal machines. The authorities have no evidence that any of the bombs were placed in the mails for France, but took the step as a precaution.

BUILDING IS BLOWN UP BY EXPLOSIVE

BROWNVILLE, Pa., May 2. (United Press)—The Brownsville municipal building was badly damaged and the office of Burgess Chas. H. Storey was wrecked early today when a bomb placed under the building exploded. No one was injured.

Eight prisoners in the city jail in the basement of the municipal building were buried in the debris. They were rescued unharmed by the police. The placing of the bomb is believed by the police to have been part of the May Day plans of radicals in this vicinity.

Labor Program in Peace Treaty Most Important: Wilson

WASHINGTON, May 2.—President Wilson, called Secretary Tamm today his opinion regarding the labor program adopted as part of the treaty of peace.

The message follows:
The labor program which the conference of peace has adopted as part of the treaty of peace constitutes one of the most important achievements of the new day in which the interests of labor are to be safeguarded and promoted. Amidst the multitude of other interests, this great step forward is apt to be overlooked, and yet no other single thing that has been done will help more to stabilize conditions of labor throughout the world and ultimately relieve the unhappy conditions which in too many places have been the result of the war.

Personally, I regard this as one of the most gratifying achievements of the conference.

CHICAGO, May 2.—Their plans for a "Red May Day" in Chicago upset by police and federal agents, and only a few "red" agitators landed in jail the local Reds are today planning a general strike for July 4.

The "general strike" program was outlined at a "red" meeting in the Workmen's Hall last night. Department of Justice agents attended the meeting, left with voluminous notes and when asked why "inflammatory" speeches dominated the meeting, the speakers declared the government was not stopped, said:

"Let them alone," volunteered a Chicago detective sergeant. "We have a line on every move the make and only need the May day really start something before we spring our trap."

PARIS, May 2.—Casualties resulting from yesterday's rioting were officially announced today as one gendarme killed and 250 wounded and about 100 civilians wounded. Fifty of the gendarmes were said to be seriously injured.

Private G. H. Harrison of the American air service was wounded in the back by a stray bullet. He was reported today to be "resting easily."

MILITARY DEMONSTRATION BLAMED BY RADICALS

Socialist and labor leaders today placed the entire responsibility for the disturbances on the government. They declared the demonstrators had no intention of doing more than quietly parading through the streets of the idle capital. Conflict with the police, they said, was the result of the "government flaunting its military power in the face of the silent protest of the May day demonstrators in every downtown square."

CLEVELAND, O., May 2.—Two hundred prisoners were arraigned in police court this morning as a result of yesterday's rioting. The rioting was said to be the work of a small group of men, many of whom were said to be "red" agitators.

Following the riot, 500 special police patrolled the city district last night, and today the streets were patrolled by regular police. Some armed with clubs and iron bats, searching for persons who took part in the parade of radicals which started the riot.

SAILORS TO PROTEST ACTION OF N. Y. POLICE

NEW YORK, May 2.—Mayor Hylan may receive a delegation of sailors today carrying a protest against action of the police in rioting down soldiers and sailors near Madison Square Garden last night.

Mounted police charged the unruly mob when the latter congregated in the street apparently with the intention of marching on Madison Square Garden, where a Tom Mooney protest meeting was in progress.

The clash ended a May Day of rioting and disorder, the largest of which was at the offices of the New York Call, Socialist daily, where police reserves were called. Soldiers followed the mob in the Madison Square Garden, where a Bolshevik meeting was going on there.

At the Madison Square Garden meeting a resolution was presented favoring a five-day strike, starting July 4, in protest against imprisonment of Tom Mooney. The resolution was adopted by acclamation and cheers.

PARIS, May 2.—Socialists and leaders of labor unions are indignant over yesterday's incidents. The general strike called by the Socialists and a committee will be taken tonight to consider steps to be taken. The managing committee of the Socialist party and the Socialist group of the Chamber of Deputies also will meet.

Italy May Compromise on Dalmatian Territory and Fiume Become Free Port

Rome Government's Representative Takes Part in Official Peace Conference and Concessions Are Believed Made by the Allies

GERMANS TO HAVE 15 DAYS TO SIGN (Exclusive Cable by International News Service and London Daily Express.)

PARIS, May 2.—That Italy will accept a compromise by accepting Fiume as a free port was the opinion expressed in British official circles today.

(President Wilson suggested that Fiume be made a free port in his recent manifesto on the Italian question.)

ROME, May 2.—The News Agency Italia Nuova declares it understands that the Italian peace delegation has received assurance from Paris that the conflict over Fiume and Dalmatian territory has been settled in accordance with Italy's desires.

LONDON, May 2.—The total indemnity that Germany must pay the allies is \$25,000,000,000, but the German government will be given fifty years in which to make the final payments, said a Paris despatch to the London Daily Express.

VERSAILLES, May 2. (United Press)—An Italian treaty participated in an official peace conference for the first time since the withdrawal of Italy from the war. Signor Jugo, Italian economic expert, attended the meeting of allied and German financial representatives here this morning. At the time the Italian delegation was in the hall, the German delegation was in the hall, and the Italian delegation was in the hall.

Under the present arrangements there will be just two meetings at Versailles—at which presentation of the treaty and its signing will take place. The remainder of the procedure will be limited to exchange of written communications between Versailles and Paris.

COPENHAGEN, May 2.—The Bavarian Red troops defending Munich have been decisively defeated by the government forces and the city has been liberated from communist domination, said a Berlin despatch to the Politiken today. For a week of the government had been massing troops around Munich and when the city was encircled a storm attack was made.

Then the Jugo-Slavs crossed the Drave river, cutting communication between Austria and the Italian Adriatic coast. The attacks began Monday night.

AUSTRIANS ACT TO HOLD OFF JUGO-SLAVS

GENEVA, May 2.—The Carinthia government has ordered mobilization of the Carinthian militia to resist invasion of German Austria by the Jugo-Slavs, according to a Bern despatch. Jugo-Slavs are reported attacking on a fifty-mile front for the purpose of seizing Klagenfurt and Villach.

Vienna is said to be preparing to add the Carinthian troops and the allies are seeking to settle the conflict. Carinthia is a duchy of Austria, situated east of the Tyrol and north of Carinaria.

KOLCHAK'S FOURTH ARMY LOST, IS CLAIM

LONDON, May 2.—Admiral Kolchak's fourth army has been wiped out by the Bolshevik forces north of Orenburg, it is claimed in a Russian wireless despatch from Moscow picked up here today. According to the radiogram, 600 anti-Bolshevik soldiers were driven into the river at the point of a bayonet.

At the same time a further retreat by the Bolshevik forces on the Murmansk front was admitted.

LONDON, May 2. (United Press).—A report published in a London newspaper that the Bolsheviks had captured Shensursk and decapitated sixty American prisoners with axes was declared by both the British war office and American headquarters today to be untrue.

Admiral Kolchak's army, driving the Bolsheviks before it southwest of Sterlitamak, has advanced ninety miles, according to a despatch from Omsk dated April 24.

BABY REFUSED AS GOWLING CASE EVIDENCE

SACRAMENTO, May 2.—The prosecution failed today in its efforts to have the one-year-old baby of Mrs. Myra P. Northcutt exhibited in the United States district court in the trial of W. E. Gowling, charged with transporting Mrs. Northcutt from Reno, Nev., to Sloat, Calif., in violation of the Mann Act, in order to give the jury an opportunity to determine whether the child resembled Gowling. United States Judge William Van Fleet said he believed it would be "dangerous" to exhibit the child "because of the well-known fact that the resemblance of strangers in blood relations frequently is very striking."

The cross-examination of Mrs. Northcutt was continued today. She identified a number of telegrams which she said had been exchanged between Gowling and herself.

Mrs. Northcutt testified on cross-examination that she had Gowling who is her cousin, and in answer to a question by Duray, she denied she ever had immoral relations with him.

EXPLAINS TELEGRAMS.
She explained a number of cryptic phrases used in the telegrams. "Director," she said, meant her father, the late Martin Patterson, business man of Superior, Wis. "Friday" was her husband. "Robinson" was her brother, Edgar Patterson, of Los Angeles, and "Castle of Ghorn" meant her whole family.

Asked as to what Gowling meant in a telegram in which he said that she "would get your reward next Saturday night," Mrs. Northcutt explained that it meant she would receive some flowers from him. She stated that it was a usual overture for her cousin to present her with flowers.

EXCHANGED GREETINGS.
Questioned by Judge Van Fleet as to the reason she and Gowling were near by Mr. Gowling would often send flowers; other times he would entertain the children and I at a picnic," she explained.

"If we were apart from each other we would send telegrams and if we were nearby Mr. Gowling would often send flowers; other times he would entertain the children and I at a picnic," she explained.

On April 6, the day the child was born, a telegram was sent Gowling in which it was stated that "this is our day." Mrs. Northcutt, however, denied sending the telegram.

Regarding the telegram Mrs. Northcutt sent to Gowling before the baby was born, in which she said "the time is yet to come," Mrs. Northcutt stated that she did not know what she meant by the expression.

While Mrs. Northcutt was explaining telegrams in which she kept Gowling informed as to her physical condition before the birth of the baby, Judge Van Fleet asked her why she used the expression "the time is yet to come" into our lives."

"Why didn't you use the word 'my' instead of 'our'?" asked the judge.

WOMAN HELD FOR TRIAL.
Accused of having obtained \$200 from W. K. Lansdale under false representations concerning a mining transaction, Mrs. Florence W. Hulse was held for trial today by Police Judge George Samuels.

WEDS BROTHER'S WIDOW; NEPHEW IS ALSO STEPSON

ALBANY, May 2.—Electrician W. Baker of this city, recently returned from France, is the step-father of his nephew. He was married this week to Mrs. Grace Baker, widow of his brother.

Baker returned from overseas with the 353d fighters after experiencing battle in the Argonne. Shipping away from the welcoming festivities of relatives and friends, Baker and his brother's widow stole quietly to Stockton and were married.

Baker's bride was the widow of Arvin Baker, who died several years ago. She has a young son to whom her new husband will not only be uncle but step-father as well. Mrs. Baker is the daughter of Mr. and Mrs. W. Crammie of Albany.

Baker was the grandson of the late A. W. Baker, first treasurer of the city of Albany. He and his bride will make their home in this city.

SNYDER DENIES WISKER'S CHARGE

NEVADA CITY, May 2.—Charges of lack of patriotism made against him in a statement published here by E. Wisker, foreman of the grand jury, were emphatically denied by J. V. Snyder, newspaperman and former grand president of the Native Sons of California, who twice was a candidate for lieutenant governor on the Democratic ticket.

In a signed statement Wisker asserted Snyder failed to render any public service during the war, and that when a Red Cross membership committee called upon him he told them he would have to consult his wife. It was also stated that when a liberty loan committee called he refused to subscribe.

Snyder said he was not concerned with any other part of the statement, but that he challenged any man who presumed his patriotism. He said he subscribed to \$500 worth of bonds of each issue and that he purchased \$100 worth of Thrift stamps and gave \$75 to the Red Cross. He added that during his term as head of the Native Sons he made addresses throughout the state urging the purchase of loan bonds and asked support for all other war activities.

College Girls Put Out Fire in House

BENNELEY, May 2.—Co-eds at the Alpha Chi Omega sorority house, 2421 Le Conte avenue, proved heroines last evening when they attacked a blaze which broke out in one of their rooms on an upper story.

Forming themselves into a bucket brigade the girls fought the fire and succeeded in getting it under control before the arrival of the fire department. The blaze occurred when an electric heater belonging to one of the girls had been left with the current on.

ROTARY CLUB DELEGATES.
Joseph E. Caine, managing director of the Chamber of Commerce, and Carson Schmidt have been elected by the Rotary club in this city as delegates to the national convention of rotary clubs in Salt Lake City from June 17 to 20, inclusive. George Hatch was chosen alternate.

CHINESE FANS SEND FINE.
That the lottery business is a profitable enterprise was eloquently attested by the ready ability of Ah Sun, a Chinese, to pay a \$600 fine imposed by Police Judge George Samuels when the Oriental was found guilty of offering lottery tickets for sale.

All Departments Are Canvassed for Loan

Under the direction of Henry Vogt, secretary of the Park Commission, all departments of the city hall were today canvassed in the Victory loan drive. Vogt acted as major in the drive, captains being appointed to handle every department with the exception of the police and fire departments, which are being handled direct by their chiefs. The captains in the drive are:

Treasurer's office, William Fitzmaurice; street department, Charles Frost; engineer's office, Mel Auerbach; health department, Miss Winifred O'Connor; city attorney's office, Miss Elba Sternberg; playground department, Miss Ethel Moore; purchasing agent's office, Miss Florence Little; public works, Ralph York; city clerk's office, Frank Colburn; mayor's office, Preston W. Higgins; public health and safety, Ben Jones; press room, C. A. Locant; park department, Leo Kerfoot.

AGED 'NEWSIE' UNBALANCED BY SUDDEN WEALTH

SAN FRANCISCO, May 2.—Peter Barth, fifty-four-year-old newsboy who for almost that many years had sold papers at California and Montgomery streets, has become mentally unbalanced since he was informed that some mining stock that he owned was worth \$24,000. A. W. Finn Jr., district manager for the Western Union Telegraph Company, was yesterday appointed his guardian by Superior Judge J. J. Van Nostrand. Finn bought papers of Barth for many years.

Several years ago a broker persuaded Barth to invest all his life savings in 30,000 shares of mining stock at one cent a share. The property owned by the company is in the Tonopah field. During the recent boom in the district the stock jumped to \$0.90 a share. Barth is at St. Mary's Hospital recovering from his good fortune.

attorney, Mrs. Steiner died in Portland, Ore., yesterday. Arrangements are not yet completed for the funeral, which will be held in Merced.

Three Auto Thefts Reported to Police

Three automobiles and the accessories of four others were the toll exacted by thieves as reported to the police during the past 24 hours. A Ford, bearing license No. 30,416, was taken from the home of K. A. Grant at 2732 Twenty-first avenue. J. J. Joslin of 1130 Oak street reported the theft of a Dodge machine from Twelfth and Harrison streets about 9 o'clock last night. A Ford, license No. 409,279, belonging to J. R. Perry of 2519 Fifteenth street, was stolen from Eleventh and Franklin streets late last night.

Vote of Censure Is Given to Governor

SAN JUAN, Porto Rico, May 2.—For criticizing the legislature on the "lack of experience on the part of most of the members of the actual working of a government of this sort" in his last annual report, Governor Yager has been subjected to a vote of censure by the Porto Rican Senate.

The governor's criticism was directed against the action of the legislature in taking a recess at the end of the first session for two months instead of adjourning sine die.

Shipbuilders Fight For Contracts Little Faith in Hurley's Promises

Despite the apparent reassurance for California shipbuilders in the statement of Chairman Edward N. Hurley of the Shipping Board at Dayton, O., that "not one contract for ships would be withdrawn or canceled until figures prove that this is absolutely the most important thing to do," the shipbuilders have not relaxed one whit their efforts to stave off the cancellations they still fear.

This statement was made today by Harrison S. Robinson of this city, secretary of the California committee on shipbuilding. He also took cognizance of Hurley's statement that "no action looking to a letting up of the work would be taken at this time," and declared it was similarly insufficient, and that the shipyard men had not yet been made sure of the government's good intent toward them.

NO FEELING OF SAFETY.
The committee, through Robinson, issued this statement:

"That definite wholesale cancellations were as late as last Wednesday actually planned by the Shipping Board is proved by the public protest against such actions made by Charles E. Pies, the retiring general manager of the Emergency Fleet Corporation at Philadelphia on that day. Because the shipbuilders of California know that such plans were under way, and because Mr. Hurley, in his statement of May 1, has consciously left open the door for the entrance of a program of cancellations, the representatives of California's interests on the California Committee on Shipbuilding have no feeling that the situation is any safer than it was when the meeting was held at the San Francisco Auditorium on April 30.

"It is inconceivable that the head of the United States Shipping Board should, in the space of twenty-four hours, have reversed his position on a matter involving hundreds of millions of dollars.

"With reference to the statement credited to John H. Rossetter, director of operations of the United States Shipping Board, that he is utterly opposed to the cost-plus system in vogue during the war, it should be understood by everyone that none of the eighty-seven contracts now in jeopardy in California shipyards is of the type referred to by Mr. Rossetter.

NEED OF PULLING TOGETHER.
Reassurances similar to those issued by Hurley came from Washington in the declaration of John H. Rossetter, director of operations of the Shipping Board. He emphasized in addition the need of the builder and the worker "pulling together."

"We will quite naturally do away with the inefficient yards," said Rossetter. "None of the efficient yards will be affected. The big yards on the Pacific Coast will not be touched if the builders and the workers will only pull together, and I am wedded to the conviction that they will. There is no cause for alarm. The outlook is a dangerous one, but I say shipbuilding interests have

made representations to the President and to Chairman Hurley against canceling contracts in coast yards, and a wire was sent Hurley yesterday asking him to delay any decision in that direction until these representations, forwarded by mail, were in hand. A cablegram was sent the President yesterday asking postponement of canceling government contracts pending investigation. The San Francisco Building Trades Council took cooperative steps in the same direction last evening, planning also to enlist the aid of the national labor bodies in protecting coast yards.

"If Mr. Hurley is going to advocate the canceling of government ship contracts, awarded in good faith, he ought to be recalled from his office."

DAVID DENOUNCES MOVE.
So declared Mayor John L. Davidson in a denunciation of the proposed canceling of government contracts of the government. He declared that Hurley seemed to be the man behind the move, according to information received by shipbuilders

and bay city officials, and continued:

"Oakland and San Francisco will fight hand in hand to save these ship contracts. I have already started plans for vigorous cooperation in this matter."

"Daily I receive letters from Washington urging that all possible employment be found for returning soldiers, and here the government proposes to cancel twenty-seven ship contracts entered into in good faith and throw thousands of people out to face starvation. It is things of this kind that go to help Bolshevism in this country."

"Accepting these contracts in good faith, the shipyards extended and big additions were built to handle the work. When a private individual enters a contract he has to fill it, but it seems this Emergency Fleet Corporation seems to be able to reject or abrogate any contract it wants to, and that its contracts, therefore, are worth nothing. This is not right here the government is sending tons of food to Europe and at home is turning out workers to starve."

Detente and vigorous action is being taken by the Chamber of Commerce in regard to the proposal of the United States Shipping Board to cancel contracts. Joseph L. Caine, managing director of the Chamber of Commerce, wired the United States Chamber of Commerce

in Washington today asking that body to take direct steps in that city. In addition to this action the Chamber of Commerce is preparing resolutions protesting the proposed action of the government. A copy of the resolutions will be forwarded at once to E. N. Hurley. Similar steps are being taken by commercial and civic bodies all over the coast.

Broker Is Held on Manslaughter Charge

Thomas M. Gardiner, a broker at 711 Walker street, was arrested this morning by Detectives Enlish and Shefferson receipt of word from the hospital that L. W. Pingree, 1129 Forty-first avenue, had died as a result of a fractured skull sustained yesterday when his automobile turned turtle at Fifteenth street and Eleventh avenue in an effort to avert collision with a machine driven by the broker.

Gardiner was charged with manslaughter. He was released upon his own recognizance.

Pierce-Arrow

Forty per cent has been gained in maximum horse-power and thirty per cent in efficiency with the new Pierce-Arrow Dual Valve Engine. There is a twenty per cent greater acceleration from ten to sixty miles per hour, as compared with the previous 48 B-4 model. Although the maximum speed of the car is eleven per cent greater, it has been found possible to get eleven per cent more mileage per gallon of gasoline.

MYSTERY OF GIRL'S DEATH UNDER PROBE

Inspector J. T. Flynn and other detectives are today delving deeper into the circumstances surrounding the death of 17-year-old Wilma McCarrie, found shot in her home at 3775 Alameda avenue, and whose death is held by members of her family to have been due to a murderer. The police pronounced the case one of probable suicide.

"The inspectors have found nothing that would contradict the suicide theory," said Captain of Inspectors Walter J. Petersen, "nor have they yet explained the disappearance of the girl's jewelry, which seems to be the principal point on which the family bases the foul play suspicion." Mysterious telephone appointments are being made to ascertain if the girl was in the habit of getting her family out of the house while she met some unknown party there. Twice, according to Mrs. Lulu McCarrie, the girl's mother, she had been asked to meet her daughter down town, only to find that her daughter in the meantime returned home, saying it was a "misunderstanding." She had returned from such a "misunderstanding" meeting, she says, when she found her daughter dying.

LOCAL BREWERS STILL PUZZLED OVER FOOD ACT

Local brewers are still undecided as to what course they will pursue now that the provisions of the food conservation act of 1918 have become effective and prohibit the manufacture of all kinds of beer, including the "near-beer" that has been manufactured here since last December. This beer substitute contained 2.5 per cent alcohol.

The managers of the Golden West Brewing Company, Seventh and Kirkham streets, and the Oakland Brewing and Malting Company, Twenty-sixth and Chestnut streets, said today that they were undecided as to what action is to be taken. Some thing definite may develop within the next few days, they say, and they will then be in a position to make some public announcement.

WHO STOLE WINDMILL?
LARNED, Kan., May 2.—C. L. Rice and his sons, Bert and Frank, have been arrested, charged with the theft of a windmill from a ranch owned by G. W. Lanke of this city, who recently bought it. The pieces live in the same neighborhood.

Wednesday. Indications of a struggle, says Mrs. McCarrie, have convinced her that the girl fought with whoever her mysterious visitor was before she was killed.

Mrs. Johanna Barnett, a neighbor, says that on both occasions when the girl's family left home she saw Mrs. McCarrie. She did not see any visitor enter the place, she says, on either occasion. Captain Petersen still holds to the suicide theory.

CONTRACTOR DIES AFTER AUTO CRASH

L. W. Pingree, Oakland contractor living with his family at 1426 Forty-first street, died at the receiving hospital at 10 o'clock last night as the result of a fractured skull received when his automobile turned turtle yesterday afternoon at Eleventh avenue and East Fifteenth street. Mrs. Pingree, his wife, sustained a fractured shoulder and wrist, and their daughter, Mrs. Ruth West, who was home on a visit from Coalinga, received bruises. The mother and daughter were able to return home from the hospital last night.

Pingree, with his wife and daughter, were returning from a drive over the Pothill boulevard. At Eleventh avenue another machine, driven by J. H. Gardner, suddenly appeared directly in front. Pingree swerved to avoid a collision and his car tipped over. Mrs. Pingree was caught under the steering wheel and seriously injured. Mrs. West was thrown through the windshield, but escaped serious cuts, and Pingree struck the pavement, sustaining a fracture of the skull. The accident occurred at 1:30 yesterday afternoon. Pingree never regained consciousness. Gardner reported at police headquarters after the accident, but was not detained.

\$7500 in Cocaine Taken From Suspect

SAN FRANCISCO, May 2.—Twenty-five ounces of cocaine, valued at \$7500, was taken from the pockets of William Cook, stevedore, as he left the steamship Nanking yesterday. He was arrested. On his statement it had been given him by Low Sam, Cuban boy, Sam also was arrested by the federal authorities. Sam declared he did not know Cook.

FICKERT BOMB REPORT DUE TO FIRECRACKERS

SAN FRANCISCO, May 2.—Excitement reigned at police headquarters last night when Josephine H. Phelps, a dramatic critic, telephoned that she had heard shots and explosions and believed the home of District Attorney Charles M. Fickert was the scene of an attack. Miss Phelps lives just around the corner from the district attorney.

A squad of police was sent to Fickert's residence, 1060 Green street, where it developed that the explosions had been caused by school boys setting off giant firecrackers as the finale of a May Day celebration.

NERVES UPSET BY WORRY ARE MADE STRONG AGAIN

Stomach and Nervous Troubles
Yield to Blood Building
Tonic Michigan Woman
Finds.

Many women who were called upon to nurse dear ones through the recent epidemics of influenza were left so run down by the worry and long hours of labor with insufficient sleep, that they have been unable to recover their strength.

Worry will rapidly undermine even the strongest constitutions, for it upsets digestion, interferes with sleep, impoverishes the blood and weakens the nerves. This means a state of general debility which, while it is not always serious, must be corrected or the body will be easy prey to disease, more difficult of treatment and often fatal.

It is important that the body should be built up and this can be accomplished best by the blood tonic which Mrs. Charles Studts, of No. 136 Ellsworth avenue, Grand Rapids, Mich., used so successfully. Mrs. Studts describes her experience as follows:

"I became exhausted in strength after nursing my mother through a long illness. I was run down and couldn't do my work. My nerves were so unstrung that I was unable to grasp anything with my fingers. I was fidgety and it seemed as though the nerves twitched and knotted. I couldn't sleep at night and tossed and rolled about. Pains invariably followed a meal and my appetite was uncertain. For days I wouldn't care to eat and then I had a great desire to eat even though acute stomach distress followed.

"I saw an announcement in a newspaper and procured a box of Dr. Williams' Pink Pills. There was a noticeable improvement after taking the first box and I continued the treatment until now I am in excellent health and can do my work without effort. My nerves are so improved that I no longer twitch or fidget. I sleep well and feel bright in the morning. My appetite is again normal and I can eat almost anything without feeling any stomach distress. It has given me pleasure to recommend Dr. Williams' Pink Pills to others, for I am sure of their power to benefit."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet on nervous disorders with a special chapter on after-effects of the grip.—Advertisement.

LOCATE MORE JOBS THAN SERVICE MEN

During the month of April there were more jobs in Alameda county than men to fill them, according to the report of Colonel H. M. Smitten, director of the Community Placement Bureau, 816 Broadway, for the last month up to and including April 23.

Following are the figures in a brief form:

Applications for positions, 251; positions vacant, 236; total number of men placed, 155.

An analysis of this report shows that 151 positions remain unfilled. This is due, according to Colonel Smitten, to the nature of the positions and the lack of the right kind of men to fill them.

During the war the United States Employment Service, with which the Community Placement Bureau is allied, supplied nearly 3,000,000 workers for war industries. Since the signing of the armistice it has reversed its machinery and has been placing soldiers and sailors and war workers, at the rate of 100,000 a month.

On the average, 30 out of every 100 men in the army are forced to find new jobs; thus far the employment service has been able to place 27 to 23 of these 30. It is pointed out, however, that there are still 2,000,000 to be demobilized. "Our report for April shows this community to be in a very healthy condition so far as employment is concerned," said Colonel Smitten, in commenting upon the report.

Governor William D. Stephens has designated May 5 to May 10 as "Made in California Week."

The purpose of the home industry celebration is fourfold: To provide jobs for returning soldiers by expanding the production power of California; to develop the state's resources by stimulating consumption; to enlarge the markets of agriculturalists and horticulturists by purchasing California grown articles; to attract new manufacturers by educating the people to buy the products of their home state.

H. C. Capwell, president of the Oakland Chamber of Commerce; Joseph E. Caine, managing director, and J. H. Miller, chairman of the manufacturers' committee, have been throughout the city an appeal to local firms to make an adequate display in windows and show cases of California made goods.

As an educational and patriotic movement the week will be especially featured. The public will be invited to try to compare the home products with imported goods. The comprehensive nature of the state's manufacturing will be emphasized.

"Made in California" week is sponsored by the Home Industry League of California.

Memorial Sunday for Dr. Stephens

The Society of the Sons and Daughters of Washington, in which the late Dr. H. Morse Stephens, father professor of history at the University of California, was keenly interested, will hold a memorial service in his honor on Sunday evening at 8 o'clock. The exercises will be held in Chabot Hall, Eleventh and Grove streets.

The society has invited Professor Herbert I. Priestley of the department of history of the state university, to speak at the meeting. An address will also be given by Dr. Jacob Nieto of the Temple Israel, San Francisco. An extensive musical program is planned. Friends and admirers of the late Professor Stephens will be welcome.

PHONE RATES APPROVAL BY STATE ASKED

SAN FRANCISCO, May 2.—A petition which indicates that the various telephone companies take over by the government and placed under the direction of Postmaster General Burleson, question his jurisdiction in interfering with the toll and exchange rates of California, was filed with the State Railroad Commission today.

Referring to the fact that many utility commissions throughout the country had questioned his jurisdiction and that the United States Supreme Court will finally pass on the matter next Monday, the petitioners, which include the Pacific Telephone and Telegraph, the Sacramento Valley, Home of Pasadena and Ontario and Uplands companies, ask that "the commission make such investigation in order that it may be fully advised in the premises and in position to take such action and make such order or orders as may be necessary when the question as to its jurisdiction has been determined, and that it make an order either approving said rates now in effect (this includes the increase effective yesterday of all exchange rates in California, San Francisco and Los Angeles alone excepted), under which the same are administered or making such modification therein as it may seem necessary."

When asked as to the reason for this petition, Horace T. Pillsbury Jr., vice-president of the Pacific Telephone and Telegraph, said today: "The impression has gone out that Postmaster General Burleson is jurisdiction and is not admitting the jurisdiction of any state utility commission in the matter of fixing telephone rates. But should his jurisdiction not be upheld, it is essential for the Pacific Telephone and Telegraph to retrench if required to maintain the rate schedules of the commission issued July 31 last. This would mean wage reductions, among other things."

SMITH TO GO TO BANKERS' SESSION

Charles A. Smith, assistant manager of the Bank of Italy and a member of the executive council of the American Bankers' Association, will leave next Tuesday for White Sulphur Springs, Va., to attend a three-day session of the council to be held in that place beginning May 19.

Representation on the council is based on the number of bankers in each state who are members of the American Bankers' Association. Under this rule California is represented by three members. Besides Smith the other two members from this state are J. M. Henderson Jr. of Sacramento, president of the Sacramento Bank and of the First National Bank, and P. J. Becher Jr., vice-president of the First National Bank of San Diego.

The executive council attends to all business matters during the recess of the American Bankers' Association, which holds its convention annually. The next annual meeting will be held next fall, the time and place yet to be selected. It is probable, according to Smith, that the date will be fixed at the meeting of the executive council and a program arranged. There will be approximately 100 members in attendance at the spring meeting of the executive council and fully 3000 at the convention to be held by the American Bankers' Association.

Smith expects to be away about a month, during which time he will visit Washington, New York, Atlantic City, Boston and other important cities.

Oakland banks will also have a

Your Hat

Put it on and take a good look at it in the mirror. What about it? Study it—Is it becoming? Do the lines fit the contour of your face? Is the crown the right height? Is the brim the right width? Does it make the right impression on you? On others? A hat is the most important part of a man's wearing apparel. Everybody that looks at your face sees a picture before them. They see your face and your hat—The two are close associates. You know there is nothing harder to select than a hat—the right kind of a hat for you. Ballard & Anderson can help you select a hat. They know hats. They think hats. They dream hats. They sell hats. Flattering—proper hatting—is their business. Ballard & Anderson have a smart hat shop at 1427 Broadway—facing Ye Liberty Theater. They are specialists in fitting hats. They have your hat waiting for you.

Gum-Chewing Is Good Form in Best Society Today and Sunday

A group of Eastbay girls who are assisting in the big Gum Drive for the benefit of the Ladies' Relief Home, their labors beginning today and terminating on Sunday. From left to right they are the Misses Thelma de Pauli, Margaret Noble, Gertrude Emmons and Agnes Flanagan.

It's good form to chew gum today. It will be good form to chew gum tomorrow and the next day, for be it known to all men that the Great Gum Drive is on for the benefit of the Ladies' Relief Home—the home where sixty and more little kiddies are cared for and nurtured into good citizenship. To be explicit, 100 of them were cured for last year, so it takes many a dollar's worth of gum to buy apples and milk, and buns and "pans" and hair-ribbons, for so large a family in these difficult days.

And so it is that Mrs. Horatio Donnell, assisted by Mrs. Frank Milton Avery, is staging the drive that must not enough to help solve the big problem of Oakland's oldest philanthropy.

Over in Mills College Mrs. Harry East Miller and Mrs. L. Harrison Clay, with a bevy of girls and daughters, are at work today—the Misses Furrill, Bernard, Edna Sher-

man, Helen Lamont, Rozelle Smoot, Cherry Stephenson, Florence Carter, Ruth Woodward, Marjorie Parcells, Isabelle Burrill, Mrs. Donald Pierson and Mrs. W. C. de Freney.

On Sunday Mrs. William Thornton White will captain a corps of Piedmont girls at the baseball grounds, with tons to sell.

Mrs. George Rothganger, Mrs. Frederick Mullner, Mrs. J. F. Smith, Mrs. Otto Zeus, Mrs. Hal Atkinson and the Misses Dorothy Grissim, Frances Brown, Gertrude Bosworth, Elizabeth Howard, Virginia Smith and Kitty Belle Long are patrolling the Emeryville district with the bags of chic, and Mrs. James Dunn, with her cohorts, are doing the Alameda district. Assisting her are Mrs. Franklin Noah Dewey and Mrs. Edgar Holmes Lion. And they in turn are the directing force of a bevy of high school girls, including the Misses Elizabeth Pattin, Ellen Medcraft, Ann Allen, Helen Young, Vivian Carter, Myrtle Gunahl, Gladys Carter, Dorothy Dunn, Alice May Dunn, Alberta

Clark, Jean Townsend, Elizabeth Edinger, Irma Martini, Olive Merle, Marlon Mitchell, Lucille Schwarze, Audrey Nordin, Douglas Dunn and Ralph McKenna.

Traffic Instruction to Be Given Officers

Traffic demonstrations, instructions to traffic officers on the uniform enforcement of laws, and a general systematization of the operation of speed police in the state, are to be carried on under the auspices of the California Automobile Association by Corporal Joe Wallman of the Oakland police force, president, and Mike Brown, San Mateo, secretary of the State Traffic Officers' Association. Wallman left today for the work. He and Brown will spend a month traveling up and

down the state, conducting demonstrations. Universal interpretation of traffic enforcement, prevention of harsh treatment, and over-strict or unjust arrests, and a general betterment of motor traffic conditions are aimed at in the trip. The demonstration trip is preparatory to speed officers' convention, one to be held in Oakland through the efforts of Chief of Police Nederman, one in Fresno and one in Los Angeles, preparatory to the installation of twelve state inspectors to enforce automobile laws by districts.

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee.

Each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your stomach will be sweet and your bowels regular. You will feel like working, breaking it up. That's when you feel that awful nausea and cramping.

Dodson's Liver Tone is entirely vegetable, therefore harmless, and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

MERE WORDS NOT ENOUGH TO SHOW HIM REAL LOVE

SAN FRANCISCO, May 2.—Because Mrs. Ethelreda Farquhar would not drink poison or throw herself from a cliff into the sea to prove her love for her husband, Samuel T. Farquhar, he did not believe she loved him, according to her allegations in her answer to his suit for divorce, filed today in the Superior Court. She declares her husband held her protestations of love as mere empty words because she would not stage a Romeo and Juliet scene to prove them.

Although consuming \$6 worth of cigarettes and intoxicants weekly, she alleges, he customarily woke her at midnight to read to her from the Bible, and went for days at a time without speaking to her because of his intellectual superiority, and then at other times he would require her to lace his shoes.

Farquhar recently sued for divorce, alleging that his wife called him "a small pin-headed devil" and threatened to have a real man horseship him.

Final Hour Fakes

By Dr. F. F. Jackson

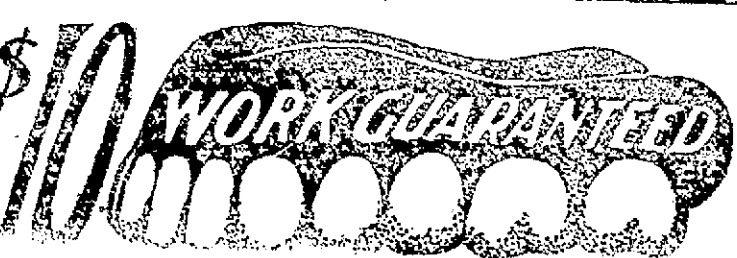

Do not consider last-hour propaganda. It usually represents the last stand of a man whose lack of accomplishments make necessary the false attacks upon his opponents.

JOHN L. DAVIE,
Mayor of Oakland.

The above sentence is the conclusion of a letter from the mayor that appeared in the papers last night. It exactly expresses my sentiments. The attacks of the gamblers led by Jack Woolley and engineered through Captain Petersen which was sprung a few days ago, are, as Mr. Davie so truthfully suggests, the eleventh-hour yelps of my enemies who have vowed that they will elect a man to succeed me and who will help to appoint the gamblers' choice (Petersen) as chief of police.

Next Tuesday you will decide by your vote whether or not the gamblers and crooks of Oakland shall control your police department for the next four years.

(Signed) F. F. JACKSON,
Commissioner of Streets.

Till May 10th we will make our \$15 "Roofless" double-suction plate for \$10.00; does not cover roof of the mouth; lightest plate known; our minimum prices: Set of teeth, \$10; crown and bridge work a specialty.

Baby Coming To Your Home?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little mite, which is of your flesh and blood, with feelings of misgiving?

Now is the time to get in condition to meet the crisis, and three generations of women have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their system to withstand the shock.

The action of this famous remedy is to relieve tension on the nervous system, tendons and ligaments, to relieve strain and discomfort, such as nausea, nervousness, heart-drops and stretching pains. By regular use during the period the muscles expand easily when baby is born, pain and danger at the crisis is naturally less and the hours are fewer. Do not neglect the use of Mother's Friend. It is for normal application only, is absolutely safe and wonderfully effective.

Write the Bradford-Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store. It is just as standard as anything you can think of. Advertisement.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any drugstore and apply a little of it each night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is so simple that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

NERVOUS RUN-DOWN WOMAN

Tells How Vinol Creates Strength.

Dukedon, Tenn.—"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. I tried and tried, but nothing helped me. I was greatly improved by its use and am better and stronger, in every way."

—Mrs. H. H. Goodwin.

The reason Vinol was so successful in Mrs. Goodwin's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weak, run-down system and create strength.

Out This Out and Take It With You.

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always dangerous, for the article he needs may be quite different from the one he takes. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is so satisfactory for constipation and indigestion. For sale by all drug stores.—Advertisement.

Community Fairies

Feature of Luncheon

Garden Parties Given by East Bay Hostesses

The weather permitting this week, Eastbay hostesses chose to entertain within their gardens now radiant with spring blossoms and foliage.

One of the most beautiful gatherings was that at the residence of Judge and Mrs. Harry Blumville Wright in Claremont, when Mrs. Wright entertained this afternoon for 125 guests in compliment to Mrs. D. F. Skinner of Seattle. Hawaiian musicians provided the musical program during the course of the afternoon, while here and there in the gardens were fortune tellers who added to the pleasure and entertainment of the guests.

Mrs. Wright was assisted in receiving by Mrs. Raymond Arthur Perry, Mrs. George Gray, Mrs. Paul O. Tietzen, Mrs. Vernon Hardy, Mrs. Frederick Whitton, Mrs. Frank E. Henderson, Mrs. Howard Hughes, Mrs. Edward Gordon, Mrs. Kenneth Gills, Mrs. James B. Kelleher, Miss Juliet Perrin and Miss Ruth Macdonald.

One of the prettiest appointed luncheons at the Sequoyah Country club this afternoon was that presided over by Mrs. Franklin Noah Dewey of Alameda, who with nearly a score of guests motored to the club, the occasion being Ladies' Day. Those who were seated about the attractively appointed table were Mrs. Charles F. Bond, Mrs. Robert Valjeau, Mrs. Charles Dixon, Mrs. Fritz Van Sicken, Mrs. James Lyons, Mrs. Arthur Greene, Mrs. W. B. Stadfield, Mrs. Godfrey Ruger, Mrs. Frank Simpson, Mrs. Joseph F. Carlson, Mrs. Joseph Russell Knowland, Mrs. Elsie Reese, Mrs. Frank P. Helm and Mrs. Florence Westover, and the Misses Edith and Hazel Foster.

Visiting from the Southland.

Mrs. Florence Westover of Los Angeles is the guest of her mother, Mrs. E. A. Moody of San Francisco. She will be here for an indefinite stay.

Mrs. Edward Schwerin was hostess at an interesting dinner party last evening at her home on Grove street, Berkeley, claiming ten young men who have seen service overseas, and an equal complement of young women as her guests. The young people were all friends of the hostess' son, Lieutenant Commander Edward Schwerin, now on duty in the Atlantic.

In keeping with the spirit of the occasion Mrs. Schwerin had her table done in the national colors, with a tent in the center and realistic trenches with diminutive soldiers, adding further to the unique effect.

Mr. and Mrs. Philip C. Stetson are the happy parents of a daughter who made her advent into their home on 12th street and Berkeley Wednesday. The baby has been named Winifred, and is the first granddaughter both in the homes of Captain and Mrs. A. C. Pillsbury of Berkeley and Mrs. Edward Stetson of San Rafael. Mrs. Stetson was formerly Dorothy Pillsbury, one of the popular sorority belles at the University of California, whose marriage to Lieutenant Stetson, then in the aviation corps of the United States army, was an interesting event of last year.

Another Mayday party was given by Mrs. H. J. Brown and her daughter, Miss Dolores Brown, who entertained a number of their friends at a picnic luncheon in the garden of their Perry street home. Among the guests were Mrs. Arthur Preston, Mrs. Joseph Dickinbotham, Mrs. Frederick Bergbauer, Mrs. Eugene Stevenson, Mrs. Frank Shores, Mrs. John R. Fairbanks, Mrs. William Lloyd Friedman, Mrs. A. J. Mervoy, Mrs. Edna Schloss, Mrs. Henry J. Hobbs, Mrs. Carlos G. White, Mrs. Glenwood B. Osborne, Mrs. Charles C. Gardner, Mrs. James Coulter, Mrs. J. Raymond Newsum.

There were a number of informal teas given this afternoon about the city. Mrs. Alfred Glusardale was hostess to a coterie of her friends at tea at her home over the bay. The affair was in honor of Mrs. Frank Hooper of San Francisco.

Mrs. Frederick Bradshaw entertained at her home in Piedmont at tea today a congenial group of friends, about thirty in number calling.

WEDDING OF BERKELEY BELLES.

The marriage of Miss Dorothy MacBoyle, daughter of Mr. and Mrs. Joseph S. MacBoyle of Berkeley, and Hugh A. Wolfson of the College city Wednesday morning came as a surprise to their friends in the bay section. The nuptial ceremony was performed by Rev. Ralph Larkins of the North Congregational church.

Following a wedding breakfast the couple left on their honeymoon, expecting to be away until the middle of this month. They will make their home in Berkeley upon their return.

Miss Wolfson formerly attended the University of California.

The bridegroom is a graduate of the University of Arizona and later received a degree from Columbia university, New York. He is a son of Mrs. G. H. Wolfson of Berkeley and a mining engineer.

Mrs. Victor Hugo Owen was a hostess today at the Sequoyah Country club, entertaining a coterie of her intimate friends at luncheon and bridge.

FIVE DAYS TO
DRINK UP ALL
BOOZE SUPPLY

The swan song of the wet will be sung June 25 instead of June 30, according to revised plans of the Northern California Hotel Men's Association. The idea of the advanced date is that if the song is started on June 20 it might get only as far as the chorus before they order curtains. So as to be on the safe side the song will open five days in advance. By that plan it is figured that the chorus will be greatly increased in numbers and the music of the swan song swelled to a tumult before the final bars are reached.

The Presidential order is that all liquor held for sale must be sold before July 1, and another reason for starting the song a few days earlier is to lighten the task of the fellows whose duty it will be to drink it all.

It is being planned that the hotel and cafe owners of the southern part of the state will fall in with the plan and take up the song as a sort of old fashioned "round," and it is expected that there will be enough "rounds" to make it, taken by and large, some event.

One of the Homes in Crocker Highlands

CROCKER
HIGHLANDSTHE unqualified superiority of
Crocker Highlands is beyond
argument.

Do you realize that here in Oakland, at the Head of Lake Merritt, in Crocker Highlands is a group of the most wonderful scenic residence sites in America?

And do you know that Eastern people who have driven over this property have stated that they have never seen its equal in all their travels?

Do you know that visiting real estate men, who are experts on property values, have repeatedly stated that Oakland will see the day when lots selling in Crocker Highlands for \$2000 will be worth \$10,000?

And do you know that you can buy one of these sites now for \$200 down and a small monthly payment?

Remember this!

Building costs are certain to go down.

This means more building, more demand for lots and as a consequence a raise in the price of lots.

If it is your ambition to ultimately build a home in a district of the character of Crocker Highlands the time to BUY THE LOT is right now. Buy it on terms and you'll not notice the outlay.

HOW TO REACH CROCKER HIGHLANDS

Go out Grand Avenue past Lakeside Park to the Embarcadero at the north end of Lake Merritt—continue on out Lake Shore Boulevard to Mandana Boulevard—go up Mandana Boulevard to the top of the hill. Tract Office at Ashmont Avenue and Mandana Boulevard.

Blues

Talk about "blues"—you ought to hear some of the new PATHE superb jazz records—played with the round, smooth Sapphire Ball which reproduces each instrument clearly and does not scratch or damage the record.

You get more mileage out of PATHE "blues" because they can be played thousands of times—and you do not have to change the needle or worry about the records being scratched up when the children play them. Yet Pathe records cost even less than ordinary records.

If you have a (Victor or Columbia) phonograph which is not equipped to play all records, we will GIVE you an All-in-One attachment which will enable you to play any record without further changing the position of the reproducer. This \$1.50 attachment is free if you purchase \$1.70 worth of PATHE records and a Sapphire Ball point at 50c, regular price.

We know you will come back for more PATHE records.

Easy Way to Remove
Freckles and Blemishes

Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions or fine lines. In such cases if one will procure an ounce of ordinary macerated wax at any drug store, apply a little of it before retiring, like cold cream, she can easily overcome the trouble. When the wax is washed off next morning, the freckles, spots and blemishes come with it. The entire outer epidermis is removed in this way in a week or so with all its defects. No bleach could so effectively remove freckles or blemishes. The new super-Chamberlain's Lintment. It will relieve the pain and make rest and sleep possible. For sale at Osgood Bros. Drug Stores.—Advertisement.

For the Relief of Rheumatic Pains. When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain try massaging the affected parts with Chamberlain's Lintment. It will relieve the pain and make rest and sleep possible. For sale at Osgood Bros. Drug Stores.—Advertisement.

CONVENTION
OF MUSICIANS
IS OPENED

By ROY HARRISON DANFORTH.

Mrs. Bessie Barlett-Frankel, the president, intoned the key of the California Federation of Music Clubs' annual convention at the Hotel Oakland this morning. Opening its initial formal session, she concluded with "We are doing this work because we believe that good music makes for better citizenship."

And just to give concrete illustration of the theme, Glenn H. Woods indicated in the little persons of some of the doted or more, Oakland school children how these citizens-in-course-of-becoming were being aided by music.

The address of welcome of Mrs. Newton Koser, president of the Wednesday Morning Choral Club of this city, gave the delegates the proper at-home feeling, and they listened, too, with interest to the federation president's response.

But it was the school children who really possessed the program quite alone.

The second grade of the Cole school, the fourth of the Lafayette, the sixth of the Franklin and the eighth of the Lockwood were led by supervisors and grade teachers through in illustration of how vocal music is taught in the city's schools. The elementary school orchestra, the toes of its seated players, still far from the floor, and the Fremont high school orchestra, quite fearless and assured, paralleled them in the instrumental department.

The professional musical numbers of the morning were songs by Los Angeles composers—Grace Freeby, Vernon Spencer, Fannie Dillon, Mona Laux, Botsford and Eleanor Warren—pleasingly sung by Mrs. Grace Widney Mabee and played by Garrude Ross.

THIS EVENING. So far as the general public is concerned the important musical event of the convention will be the concert this evening at 8 o'clock. The Wednesday Morning Club, directed by Paul Steindorff, will sing some of Charles Wakefield Cadman's songs, accompanied by the composers. Mrs. Edward Everett Bruner, soprano, will be accompanied by Miss Maude Weltendorf, and Miss Margaret Kolmer will sing another group, accompanied by Steindorff. Directed by H. P. Pasmore and accompanied by his daughter, Mrs. Suzanne Pasmore Brooks, the Pacific Musical Society Choral will sing several of his compositions.

For the last act reserved for the "big" numbers of the convention, a recital of her own compositions by Carrie Jacobs Bond, composer of "The End of a Perfect Day," "Just a Wearyin' for You," and many other songs. She has chosen to sing "My Son," "Your Song" and "The Little Cares of Yesterday," the latter two still unpublished. Then Mr. Cadman will give a talk on his successful opera, "Shanewis," accompanied by Miss Emeline Lancel and Robert Battison in illustrations.

The vocal contests between Miss Ruth-Hutchinson of Los Angeles, representing California, and Mrs. Blanche Williams Sagersten, representing Oregon, attracted an interested audience to Ebbl last yesterday afternoon. The judges expect to send their decision to Eugene, headquarters of the national federation, the first of the week. The judges were Mrs. Sofia Newland Neustadt, Mrs. Charles C. Ayres, Mrs. George Winchester, L. C. Kahn and Clement Rowland.

AFTERNOON PROGRAM. This afternoon's program, in addition to the addresses, included Harold Webster's sonata for violin and piano, beautifully played by Sigmund Beel and George Stewart McManus, and an interesting recital of the "Three Songs of the Desert," as well as other compositions of Gertrude Ross by Mrs. Anna Russana Sprotte. The composer herself accompanied Mrs. Sprotte.

Following reports of several committees at tomorrow morning's session, there will be a round-table discussion of community music, led by Alexander Stewart of Oakland, district representative in community singing of the War Camp Community Service. An extensive musical program will follow. In the afternoon the delegates are to enjoy an automobile ride and visit to the Greek theater, tendered by the Wednesday Morning Club.

Expressing the belief that conditions in Mexico are growing from bad to worse, Senator Charles S. Thomas of Colorado, who is in San Francisco, said yesterday that he believed that the United States would be compelled to intervene. He said: "Carranza has always maintained an attitude of unpromising hostility to the United States. At one time, when the French were trying to place Maximilian on the Mexican throne, those at the head of the Mexican people were glad enough to accept our intervention. But now the Mexican department of foreign relations announces out of a clear sky, and for no reason whatever, that the United States cannot recognize the Monroe doctrine."

"I fail to see what cause there may have been for this public announcement at the present time."

Senator Thomas said in regard to the question of immigration from Japan: "I am opposed to this sort of immigration. In my opinion, our immigration should be confined to branches of the Caucasian race, and even that immigration of our own race might well be regulated and limited."

Columbia Park
Boys to Be Rebrate

The Columbia Park Boys' Band of San Francisco will take possession of Neptune Beach Sunday. The ladies are going to make another trip to Australia, where they were such a hit a few years ago, and the proceeds of their outing Sunday will go towards defraying the expenses. The band, forty pieces, strong, will give a concert during the afternoon, while the young athletes will form pyramids and give exhibitions of physical culture.

FIRST FOOD TO
REACH GERMANY
WAS FROM S. F.

SAN FRANCISCO, May 2.—The first food ship to reach Germany was loaded in San Francisco bay. This became known here today with the receipt of a postal card from Lieutenant Commander Robert H. Cowan, commander of the Shipping Board steamer West Carnifax, written to Miss Helen Burchard, 1625 Sacramento street. He writes:

"Humburg, April 1. We were the first American food ship and the first ship of any nation to arrive with food for Germany and wear received with a shout of joy by a hungry mob. God for evil."

The West Carnifax carried flour and other provisions. She is now on her way back to New York. She sailed from here January 31.

PROFESSOR KAUN TO LECTURE. Professor Alexander S. The lecture will be in the Claremont school, College avenue and Birch court.

MOORE YARDS TO
HANDLE BIG SHIPS

Alterations on the marine railway at the Moore shipbuilding yards so as to include 5000-ton craft instead of a 3500-ton maximum have been completed at that yard and will be in readiness to go ahead with the handling of vessels during the early part of next week, according to announcement today by George Ames, general manager of the company. Two other ways of equal size are being built.

With the enormous increase in American ship tonnage brought on by the ship construction program of the Emergency Fleet Corporation, local shipyard men realize that a vast increase in ship repair work is bound to follow soon. In anticipation of this work nearly all of the yards are enlarging their facilities for the handling of repair work.

Under the direction of George Ames and Joseph Moore the company is now constructing a huge 10,000-ton floating drydock which, according to Gordon A. Gliddon, purchasing agent for the company, will be the largest floating drydock on the Pacific Coast. It will handle all ships up to 10,000 deadweight tons.

MRS. ROBBINS
EXPLAINS DELAY

SAN FRANCISCO, May 2.—Mrs. Margaret Robbins, plaintiff in a suit for \$100,000 against Herbert E. Law, capitalist, in which she alleges that three years ago he assaulted her at his country estate, has filed an amended complaint in which she makes the allegation that he told her it would be perfectly legal for him to do so, she having been married. She says she believed the statement, knowing him to be a man of wealth, capable of securing the highest priced legal opinion, and so delayed her suit for damages, thinking she had no redress.

Law, who has been in New York through his attorneys, filed a demurrer to Mrs. Robbins' complaint, pleading the statute of limitation against her right to sue, and her amended petition sole up that she failed to bring the action sooner as the result of his false representations concerning his legal right to assault her. She says she is bringing the action to establish the law, and to prevent the action from being a mere wedding of wealthy men.

After 9 Years
of Internal Baths

Mr. Addison J. Williams writes Dr. Chas. A. Tyrrell of New York as follows: "Regarding the 'J. B. L. Cascade,' I feel it is one of the indispensable articles and should be in every home. I have not taken \$10 worth of medicine since obtaining it about 9 years ago. You can be free of biliousness and constipation, with all the ills which they produce, by an occasional internal bath. The 'J. B. L. Cascade' administers these scientifically, it being an invention of Chas. A. Tyrrell, M. D. of New York, a specialist on internal bathing. By the proper application of Nature's cure—warm water—it keeps the lower intestine free of all poisonous waste, and permits every function to work in harmony and without clogging—hence makes one constantly bright, capable and well."

The Owl Drug Co. will be glad to ship and explain the 'J. B. L. Cascade' to you, and will also give you free on request an interesting and authoritative book on Internal Bathing, written by Dr. C. A. Tyrrell.

MRS. O. L. BUNKER
GAINS 19 POUNDS

Los Angeles Woman Suffered Twenty Years Before Taking Tanlac.

"When I first began taking Tanlac," said Mrs. O. L. Bunker of 6111 Hoover street, Los Angeles, "I only weighed one hundred pounds and I now weigh one hundred and nineteen pounds, making me an actual gain of nineteen pounds on five bottles."

"I had suffered from stomach trouble for nearly twenty years," she continued, "and could hardly eat anything without suffering from indigestion. I had no appetite at all and would often go for three or four days at a time without eating anything. I was troubled with constipation and was so nervous the least noise would excite me. I couldn't sleep at all well, my complexion was yellow like a pumpkin and I was so weak and run down that I couldn't do any of my housework at all."

"I am certainly grateful to the good people who told me about Tanlac in the papers for it has been a wonderful thing for me. My appetite improved with my first bottle. I soon got so I could sleep better, enjoy good, hearty meals and then I have been gaining in weight and strength right along. Tanlac has done me so much good that I recommend it to my friends every time I hear of one who is in need of it. My complexion is clear now and I think a medicine that will do what Tanlac has done for me is certainly a long-deserved all the praise that can be given it."

Here is another instance of the wonderful reconstructive powers of Tanlac. Mrs. Bunker is only one of many thousands who have testified to its use. It with the same remarkable results. Tanlac proved of great benefit to her because it contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food. Tanlac has been very successful in overcoming nervousness and sleeplessness, not from a quieting effect on the nervous system, but from its effect on the appetite and nutrition of the body. Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores.—Advertisement.

Writers Club Will Motor to Los Sombres

By GEORGIA G. BORDWELL.

On Sunday the members and guests of the California Writers' Club will motor to the Grant home in Alhambra valley, known as Los Sombres (The Shadows), four miles south of Martinez, for a picnic luncheon—they are invited to take their own lunches and their best spring coats.

Automobiles will leave Eleventh and Clay streets, Oakland, at 9:15, and for the convenience of the Berkeleyans will stop at the Key Route waiting room, near the Claremont Hotel, at 9:30 a. m.

The following Sunday, in Charles Keeler's lovely Live Oak Theater, a memorial meeting will be held to honor the memory of Herman Whitaker, novelist and war correspondent, who only a few months ago went over the top with the boys in France and who had returned to America with a world of story material when he succumbed to an operation in New York. This memorial will be open to the public, and the auspices of the Writers' Club, and will be attended by scores of Whitaker's friends who mourn his loss.

WEST OAKLAND MEETING ON MONDAY

In order that the West Oakland Home board of directors may fully understand the aims and ambitions of the Home, it has invited a speaker to be present at the regular meeting and luncheon which will be held at the home on Monday. The business meeting is called for 11 a. m. sharp. Mrs. Robert Glenn, president, requests all members to be on time. Mrs. Glenn is an exceedingly busy woman—not only is she the executive head of the home and taking her duties seriously, but she has never given up her Red Cross and War Camp Community Service. The only way she can accomplish so much is by being on time at every meeting and asking her officers also to be on time.

ALTA MIRA CLUB TO GIVE LUNCHEON.

Alta Mira Club of San Leandro, Mrs. Lucien Langworthy president, held an executive meeting last Monday at which the May calendar was arranged and plans for the annual luncheon discussed. The next meeting will be held on May 12, at which a speaker will explain the significance of the league of nations. The luncheon will be held on May 26, with Mrs. C. L. Best as chairman of arrangements and Mrs. H. C. Burton taking care of the decorations. There have been luncheons and luncheons this spring, but Alta Mira declares that its luncheon is going to equal if not surpass any that have been given. The women of San Leandro do know how—and invitations are eagerly awaited.

PARK BOULEVARD MEETING POSTPONED.

The next meeting of the Park Boulevard Woman's Club, which was to have been held on Monday, will not take place until Tuesday afternoon, May 6.

Sergeant Olsen, lately returned from France, will speak, and Mrs. F. Aiken will contribute a program of music. A four-minute talk on the Victory loan will be given. The hostesses, Mrs. Henry Bestwick and Mrs. Carl Formia, will be assisted in receiving by Mrs. A. M. Deane, president of the club, and the board of directors. Tea will be served.

Victrola going, active play under the leadership of Miss Edith Williams, magazines and a lounge room, the pleasantest of surroundings and opportunities for making new friends are the attractions. The first day 22 girls appeared, and in less than a week the number grew to 50. But no more "mere men" are wanted at the noon canteen. Business girls, school girls, all girls, but especially young girls, are welcomed and desired for any part of the noon hour. They may bring lunches with them or patronize the canteen. But a public eating place is no longer conducted by the "Y," and the association desires that men in the habit of eating at the former cafeteria would take notice—and remember.

The first of May saw the opening of the summer camp on the Joaquin Miller Heights for week-end excursions of the girls' clubs of the Y. W.

C. A. The May schedule is announced as follows: Romany Club, president, Miss Clara Bishop, May 3; Ononda Club, Miss Gertrude Yager, leader, May 10; Tech Club, Miss Frieda Bayley and Miss Martins, leaders, May 16, 17; Encina Club, Miss Genevieve Scoville, leader, May 17, 18; Berkeley Club, Miss Eleanor Craft, leader, May 24; Carry On Girls' Reserves, Miss Alice Rouleau, leader, May 31.

The girls will take their own provisions with them, everything else being furnished at the camp, and enjoy "roughing it" with hikes, climbs, picnics and outdoor sleeping.

CLAWSON DANCE THIS EVENING.

The regular monthly dance given at the school, under the auspices of the Clawson Mothers' Club, will take place this evening. These dances are extremely popular with the children, the teachers and the parents.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*.

FRIDAY, MAY 2, 1919.

AT THE PEACE CONFERENCE.

Another important stage of the peace conference has been reached with the arrival at Versailles of the German delegates. This opens the period in which the actual conversations between the Allied and the enemy representatives will take place. It ought to be concluded quickly, for the German delegates will not be permitted seriously to discuss questions of principle or any important matters of performance. Theirs will be the role to receive the peace conditions and amplifying explanations and to accept them, if they are possessed with that power, or to report them to the government at Berlin.

It is exceedingly good fortune that the Allies have been able to reach a perfect understanding on all questions with which Germany is concerned. This gives them the maximum strength in the peace negotiations, and, as frequently pointed out, Germany will be obliged to accept the conditions or to leave them and face alternative consequences. Of course, there may be some latitude for discussion. It may be safely assumed that the Allies have framed some conditions rather strongly in order to permit of some revisions, so that the face of the German delegates will be saved before their own people. But the Allied program as now formulated will not be materially altered.

When the German delegates entered the peace hall at Versailles yesterday to hand their credentials to an Allied commission headed by the Frenchman, Mr. Jules Cambon, they must have reflected upon a similar scene in the famous palace enacted forty-eight years ago. Then it was the Frenchmen who submitted their credentials to Bismarck's entourage for examination. Herr Brockdorff-Rantzau, Herr Landsburg and the other delegates may outwardly strut today as their predecessors did after the humiliation of MacMahon and Thiers, but strut is not in their heart. They at least of the Germans know enough to realize what has happened and what is in store for them. They are fully conscious of their position.

The German delegates have not been permitted to visit Paris. They were taken to the suburb of Versailles, twenty miles away, where they are quartered in a hotel, the enclosed grounds of which are carefully guarded by French soldiers. Here they see only each other except when they obey a summons to the presence of the Allied delegates. There is no goose-stepping under the Arche de Triomphe, which Napoleon built but never used. In the Place de la Concorde the mourning badges have been removed from the statue representing Alsace-Lorraine, for these provinces have been restored after nearly half a century of captivity to the Hun.

There are no military escorts of honor for the German delegates, no clashing of sabers, no glistening of spiked helmets, no parading in the carefully tailored uniforms which were ready in 1914 to wear at the victorious entry into Paris of the German army. These are carefully laid away. None of the spoils of 1871 are left the Hun with which to bargain in 1919. He can only submit.

Upon the side of the Allies there is no spirit or manifestations of exultation. The victory has been complete and decisive. But the cost has been heavy. Allied delegates cannot forget the desolation that lies back of Paris in the old battle zones of France and Belgium, or the destruction in the Balkans, on the Italian front, in Mesopotamia and Palestine. Neither can they forget the human sacrifice to the German lust for power; the millions of dead cry to them to exact justice and the millions of widowed and orphaned are watching to see if they will exact justice.

In these solemn circumstances history is being recorded. The remaking of the map of the world

is being confirmed. New nations are being christened and sponsored; the death verdict of old systems of government is being signed.

SUFFRAGISTS DISAGREE.

Apparently leaders in the woman suffrage movement have gotten their wires crossed. There is positive disagreement upon interpretation of facts and of opinion as to the significance of omissions of acts.

According to a statement sent out by his publicity bureau, Senator James D. Phelan has received a letter from Mrs. Carrie Chapman Catt, president of the American Woman Suffrage Association, thanking him for his help in the effort to pass the proposed suffrage amendment to the federal Constitution. The publicity statement recites that this letter is signed also by Mrs. Helen H. Gardener, vice-president, and Mrs. Maud Wood Park, congressional chairman, of the association, and quotes from it the following: "The National American Woman Suffrage Association wishes you to know the deep gratitude that is in the hearts of the American women for the support that you have given the federal amendment."

This is a felicitous greeting from Mrs. Catt and her colleagues. But it appears from the published record that quite a number of suffrage leaders of San Francisco and adjoining cities feel that Senator Phelan did not help the effort to pass the constitutional amendment through failure to keep his pledge to return to Washington in February last and vote for the amendment. This feeling became so violent at one time that a number of suffragists planned to gather in front of a hall in Palo Alto where the senator was delivering a speech and burn the shorthand notes of his statements. The police interfered.

Whatever mysterious effect this silly conduct was expected to exert on the suffrage question, it has been explained as an expression of the anger the women feel over Senator Phelan's conduct regarding the suffrage question.

Of course "the hearts of the American women" is a general term and was not intended by Mrs. Catt to be absolutely authentic. That many objections will be raised against inclusion in its inference ought to have been known at the headquarters of the suffrage association.

In Alabama public school children are now subject to medical examination, the declared object of which is to determine why some of equal mental status are more backward than others in their studies. A statute authorizes boards of health to make such examination as may be deemed proper for the protection of children out of school as well as in, and regardless of the wishes of parents or school authorities. Naturally there is some objection to proceedings under this rather sweeping authorization. There would be objection in those States that are somewhat prone to fads, which it is generally understood the Southern States are not. However, such supervision of the youth, wisely exercised, cannot be bad and may not be objected to after there shall have been time for its advantages to be realized.

While the trend of Sunday laws is one way in New York, it is another in Virginia. The aldermen of New York city have enacted an ordinance, in accordance with a new State law, which will permit the playing of baseball games on Sunday; but a Virginia judge has rendered a decision which will close ice cream parlors, soda fountains, cigar stands, news booths and all places of merchandise on the Sabbath day. It had been a Virginia custom to permit orthodox Jews to keep their places open on Sundays provided they closed one day during the week; but this differentiation is swept away by the decision. Unless this law or construction of law is sporadic and flimsy, the two instances illustrate a striking divergence of sentiment in States that almost join and may be said to be neighbors.

FOREIGN TRADE AND SHIPPING.

In discussing methods of promoting foreign trade the delegates to the great trade convention now in session in this city are not disposed to confine themselves to generalities. The business men of the country are alive as they have never been before to the necessity of cultivating new markets. They realize as never before that foreign trade has to be patiently and intelligently developed. The convention wisely has taken up for solution the practical difficulties in the way of a proper expansion of the foreign commerce of the United States.

One of these difficulties has been and still is the lack of American bottoms in which to carry American goods. There has been much talk for years about an American merchant marine, but there has been little actual progress, little fruitful action. Today, owing to the shipping crisis precipitated by the war, there is a real opportunity for action. We shall soon have a merchant marine of more than respectable proportions. Chairman Hurley of the shipping board has recently asserted that next year the American merchant fleet will total 17,000,000 tons and will be half as large as the combined fleets of all other countries.

This tonnage is owned or will be owned by the government. National sentiment is resolutely and rightly opposed to government operation of cargo steamships. How is the government to dispose of its fleet and on what terms? Mr. Hurley has outlined a plan that is acknowledged to be excellent in its main features. But certain provisions have been criticized as faulty. Moreover, a comprehensive program is needed for the future. The ships will not be bought and operated without a reasonable assurance of fair returns to capital and proper reward for enterprise and initiative. Can American owners and operators of cargo ships open up new water routes or increase facilities on old routes without encouragement from the government? Can they compete with British, Japanese and other carriers? What, if any, guaranty should congress offer? How can American water standards be protected and at the same time comparatively untried and unprofitable routes be developed?

Such questions as these cannot be ignored by American manufacturers, exporters and bankers. Mr. Hurley in his address in this city last evening shed no light on them. Congress doubtless will be glad to receive definite suggestions.—Chicago Daily News.

NOTES and COMMENT

The recent discoveries of the rain's ability to put pep where it is not to be found legally after July 1, added interest to the Rains Day celebration this year. The demure product of the Fresno belt has taken on new importance.

It is highly desirable to come up with dynamiters, especially such as were responsible for the Greenwood tragedy; but it is not to the purpose that lunatics and others who would back in the light of publicity, however baleful, should "confess" themselves guilty if they were not. It is likely to confuse the effort to locate the real culprits.

The persistent Berkeley efforts to fetch down the cost of living may not have direct success, but they serve to remind whom it may concern that the action of profiteers, of whoever is responsible for the continuance for war prices, is not forgotten.

If there is still a disposition to coddle the Delusos of the land it should receive a cold douche from the May Day surprises that were planned and rather narrowly mis-carried—one of which was a bomb sent to the high magistrate who wrote the final Delusos sentence.

Is it likely that tissue letter paper will come into vogue? A tissue mail package, especially if sent in a transparent envelop, would be almost sure to be innocent of an infernal machine.

Australia is to deport its interned Germans. This is a solution that solves. All countries which suffered from the machinations of the Hun within their gates in the strenuous time might well follow suit. This country is likely to experience ill effects from its coddling policies.

It is seldom stated better than the New York World states it in discussing the telephone strikes. "When our people realize that public ownership on a national scale is likely to install other Bullshons as wholesale employers of labor they will be more and more inclined to test their faith in private ownership and collective bargaining, regulated by law and public opinion."

"Dumc, Shantung, Ireland, Korea—no wonder the mixed-up mess greatly embarrasses the President." Still none of it is our mess, and there is no evidence that it is going to settle in.

It is stated that the China Mail Steamship company proposes to become one of the great steamship companies of the world. It will be a big switch from Bremen and Hamburg to Shanghai and Hongkong for the habitat of great ocean carriers.

SPIRIT OF THE STATE PRESS.

The Stockton Record differentiates honest "Sun" from the one going to be fully satisfied that spring is here until we receive a package of garden seed from Congressman Baker.

Some time ago Sacramento, in calling her people to the bat in the Victory loan campaign, pointed to Stockton among other cities as one that was up and after the money with the right pep. What we want to be sure of is that we are meeting the workers with equal enthusiasm and justifying the Sacramento man who pointed Stockton out as a shining light to follow.—Stockton Record.

Some people are late in discovering that the Industrial Workers of the World is a revolutionary society whose object is to destroy the government of the United States and to dispossess as it is now organized. The Industrial Workers of the World has been in existence since 1904, and from the day of its organization it has preached and practiced revolution whenever and wherever it had a chance.—Woodland Democrat.

There is no such thing as governmental economy, merely by electing economists on an economy platform. It is a matter of system, if you have a budget, and can hold the legislature to it, you have economy. If you have log-rolling, you have extravagance. And you have exactly the same extravagance, whether your log-rollers are economists or spendthrifts.—Fresno Republican.

Oakland and San Francisco of course did the best they knew how for the boys of the 157th, but those flowers and that food at Oatfield could not be surpassed anywhere on earth.—Chicago Enterprise.

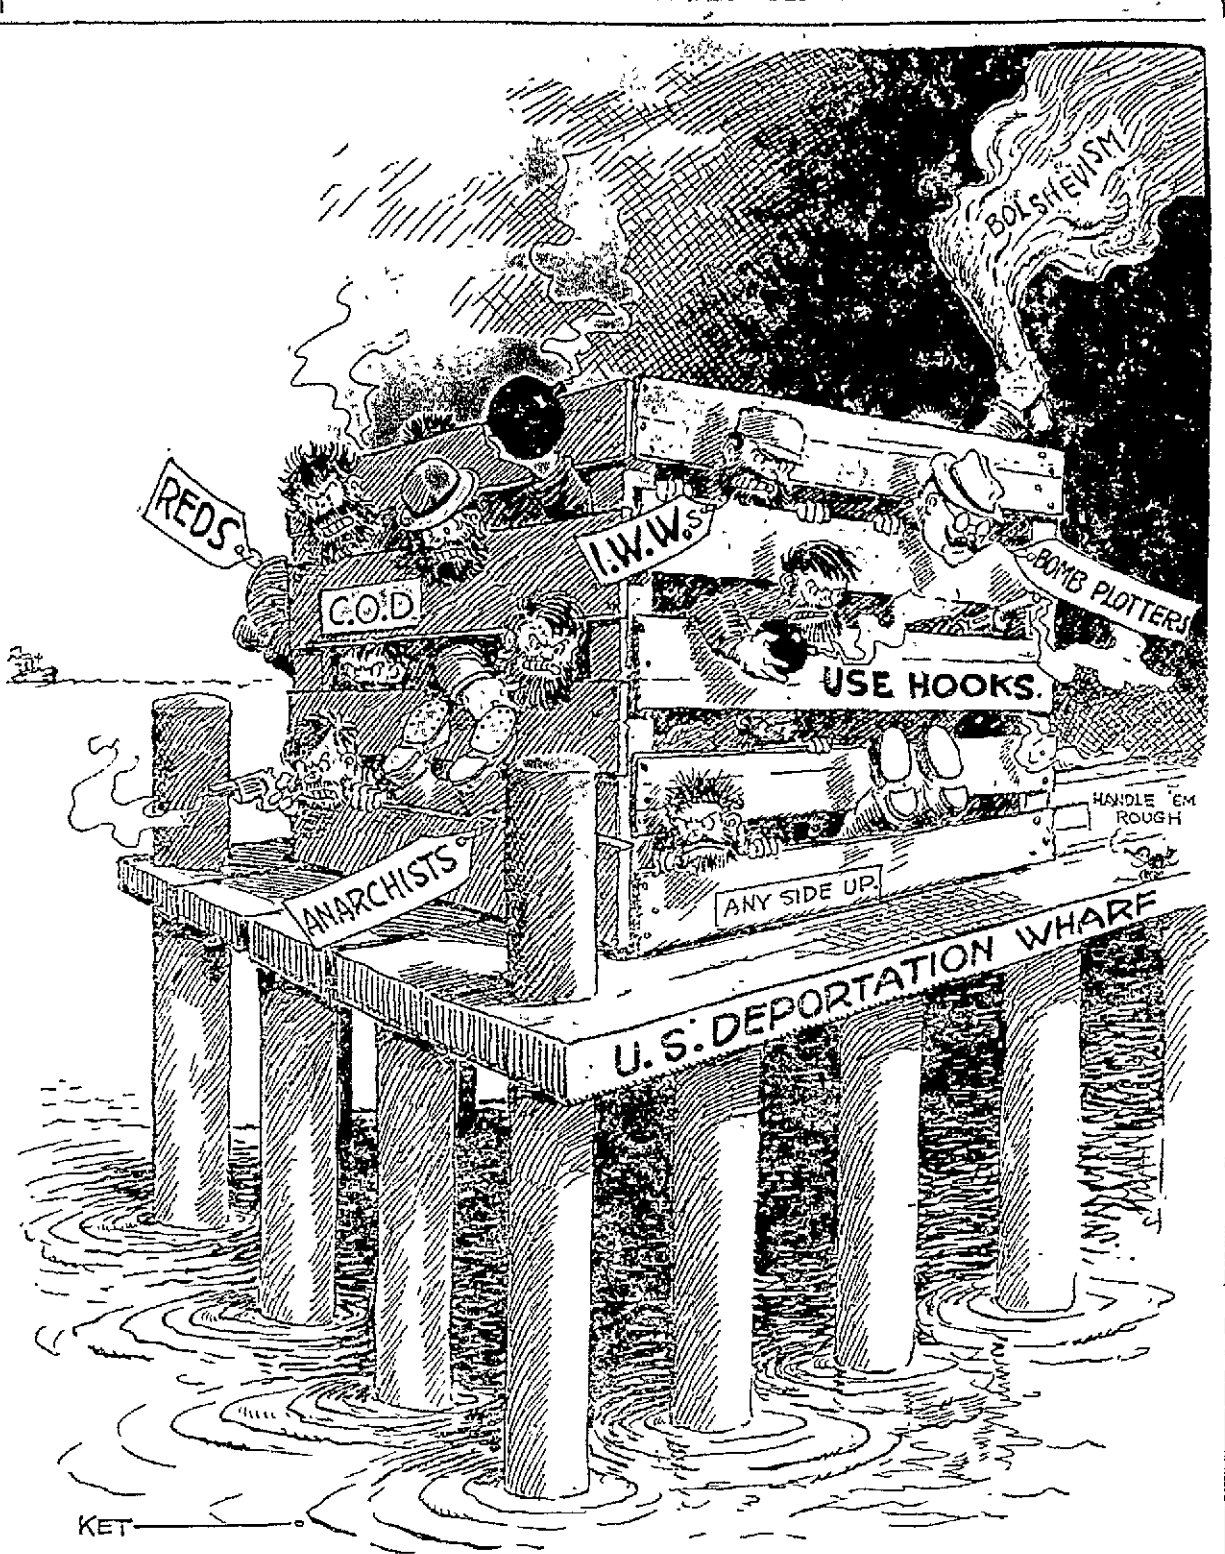

A flock of real cooties sealed in a tiny glass case on a watch charm constitutes one of the strangest war trophies now being displayed by the returning men of the 157th Infantry. Ideal proof that the boys saw overseas service.—San Jose Mercury-Herald.

TODAY 20 YEARS AGO.

School census completed gives a total of 21,019 children and an increased revenue of \$5500. The following statistics are offered: Year's increase, 508; between the ages of 5 and 17 years, 3,000; whites (boys) 7302; (girls) 5011; colored (boys) 79; (girls) 71; Chinese (boys) 25; (girls) 3; in public schools, 10,250; private, 10,999; under 5 years, 5019.

Rev. Charles R. Brown lectures at Stanford University on the "Waste of War." At the annual meeting of the Merchants' Exchange, Oakland's mayor proposes a scheme for a volunteer advisory board to the city officials, the plan of a consolidated city and county government is emphasized and a report is made that \$2500 had been turned into the industrial fund road fund to later construct a tunnel through the Contra Costa hills.

PERISIAN VOLCANO ACTIVE.

According to a Russian official telegram received in London, the 12000 feet peak of the Elbrus mountains (in northwestern Persia, to the south of the Caspian) has begun to give off clouds of smoke. An eruption is expected. Great quantities of blocks of ice have fallen from the top of the mountain, which has never before shown any sign of volcanic activity.—London Mail.

WHAT FRANCE IS FIGHTING FOR AT THE CONFERENCE.

NEW YORK, April 29.—Some realization of the concessions which have been wrung from France is afforded by contrasting the present peace terms with the program of demands which Premier Clemenceau and Foreign Minister Pichon brought to the conference. Their program included annexation of the Sarre valley, practical annexation of the entire left bank of the Rhine, and much besides. All of which is revealed in an article by Herbert Adams Gibbons, called "The Attitude of France Toward Peace," in the May Century.

He makes up a list of fourteen points for France, including the return of Alsace-Lorraine, reparation a share of the German navy proportionate to France's losses and her co-operation on the sea, cession of North Schleswig to Denmark, and of Danzig to Poland, mandatory powers in Syria, and possession of a share of the German African colonies.

Especially interesting are points six, seven and eight, on Mr. Gibbons' list. They follow:

(6.)—The cession to France of the coal basins in the Sarre valley, the new frontier line not to be that of 1814, but to be drawn in such a manner as to include all the coal deposits. An estimate will be made as to the value of the coal in this region, and put on the other side of the ledger against the losses France has suffered through the occupation by Germany of the coal regions of northern France.

(7.)—The economic union with France, and administration by France, in co-operation with Belgium of the remaining German territory on the left bank of the Rhine until Germany's debt to France and Belgium is paid. When this is accomplished, the inhabitants of these provinces are to be given the opportunity to decide whether they wish to remain in economic (and possibly political) connection with France and Belgium, or to return to their former status in the German Confederation.

(8.)—The permanent military neutralization of German territory on the left bank of the Rhine. After the French and Belgian claims for reparations are satisfied, France and Belgium will withdraw their armies. Whatever decision the inhabitants may then make in regard to their economic and political status, Germany, France and Belgium bind themselves not to raise or introduce armed forces into these provinces.

By way of explaining this program, Mr. Gibbons says elsewhere: "The fourteen points are France's not set forth by Premier Clemenceau and Foreign Secretary Pichon in opposition to President Wilson's fourteen points. Mr. Clemenceau and Mr. Pichon are lawyers representing before the bar of world justice the interests of their client. They have stated frankly that their first duty is advocates of France in the peace conference is to secure for France reparation and compensation for what she has suffered, and guarantee against the recurrence of the danger."

**Band and Ill; Aged
Man Robbed of \$680**
SAN FRANCISCO, May 2.—Blind and confined to his bed, Henry Leslie, 81, was the victim of a thief who entered his room during the absence of his nurse, Mrs. S. Little, 2820 Sixteenth street, and robbed him of \$680. Leslie was awake and heard the man enter the room. A hand was placed roughly over his mouth and he bedclothes pulled tightly around him. He faintly saw the thief, a man of 30, with a beard and mustache, who covered his face with his hands and fled. Leslie's life savings were gone.

**Former Actress Is
With 'Gloom Chasers'**
Ida Van Tine, former actress with a local stock company, who has been in France for several months singing for the American soldiers, left for Cologne, Germany, with a company of entertainers for the service men on May 1, according to word received here today. She writes that the unit with which she plays is known as the "Gloom Chasers." Miss Van Tine formerly lived at 2223 Fairview avenue, Alameda.

347th Machine Gunners Coming Base Hospital Unit Due Sunday Eastbay Roster of 364th Infantry

Seven hundred and fifty men of the 347th Machine Gun Company, with several other organizations, are leaving Camp Upton today for a quick journey across the continent to be demobilized at the Presidio. They are scheduled to reach here about Wednesday or Thursday of next week. Several additional units of the Ninety-first Division will arrive soon.

The San Francisco contingent of Base Hospital No. 47 is expected to arrive Sunday. The members will enter San Francisco by way of Third and Townsend street depot, where the Red Cross canteen workers will serve them refreshment. Elaborate plans are under way for a reception by the citizens' committee. Major Ralph will be the first to greet the unit.

The San Francisco Masonic Ambulance Corps is on its way from Camp Upton for demobilization at the Presidio. The unit began the journey today. It is expected to arrive on Wednesday. Lieutenant

Colonel S. F. Berry of Oakland is in command of the contingent of 125 officers and men. Local Masonic organizations will join in the welcome home celebration which is being arranged to honor the men of their order.

"Parker's Roughnecks," 117 overseas veterans under command of Colonel John H. Parker, who did some hard fighting through the Argonne campaign, broke the Hindenburg line and later the German Staling Nord, holding every position, arrived in San Francisco yesterday with the galling gun company, attached to the 262d Regiment, Ninety-first division.

Colonel Parker is still in France convalescing from wounds received in battle. His wound was received in leading the first wave of infantry over the top on the third day of the Argonne offensive. Several of the men have been cited for bravery and recommended for the distinguished service cross. Among the local men in the 364th Infantry are: John A. Paggio, 772 Forty-seventh street, who was wounded at Soissons; J. Smith, 1529 Slater street, who was wounded at Argonne; John Fries, 7420 Hulse street, who was wounded at Argonne.

Men in the 364th Infantry who have not yet been discharged are to be demobilized at Camp Kearney within a few days. According to the announcement of the publicity department of the state committee on readjustment, the following men will receive their discharges:

Lesser; secretary, Mrs. Theresa Stamper; directors, Mrs. H. A. Garfinkle, Mrs. Fred Kahn, Mrs. A. S. Lavenson, Mrs. Martin Marks, Mrs. R. F. Marcum, Mrs. Joseph Melzer, Mrs. William Smith, Mrs. George Samuels, Mrs. Paul Fieburg.

Mrs. Joseph Del Valle is chairman of the program committee. Mrs. H. F. Marcum is in charge of the luncheon arrangements.

Musical numbers will be contributed by Miss Rae Del Valle.

Divorce Suit Follows Return From France

SAN FRANCISCO, May 2.—That since his return from France three months ago Major Ralph G. Sullivan of the quartermaster's corps has been "stepping out" with other women and that all her friends know of it and gave her her sympathy, causing her great humiliation and grievous mental anguish, was the testimony of Mrs. Hester Sullivan, 627 Taylor street, before Judge Flood today in her suit for divorce. Mrs. Ann Chamberlain, the cor-

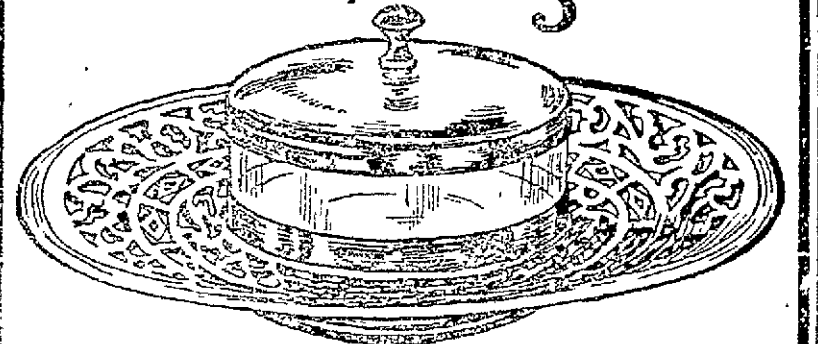

roborating witness, testified that for several weeks the major has not been working at night, as he represented to his wife was the case. Mrs. Sullivan was given a decree and permission to resume her maiden name of Elliott.

STOLEN AUTO FOUND.
The automobile of George W. Warnock, 1437 Broadway, this city, which was stolen from in front of that address April 28, was discovered abandoned today at Geary and Alameda avenues, San Francisco, by Police Officer H. H. Ludolph. Tools, coat and gloves, valued at \$54.25, were missing.

we are now conducting an

Expansion Sale

IT SHOWS the Royal Shoe Company building as it will appear when remodeling is completed and the entire building occupied by us—over 10,000 square feet of floor space entirely devoted to shoes and shoe service.

We are given possession much sooner than we had planned for—and now we find that our enormous stocks of summer shoes are in the way of the contractor and his workmen.

There's but one way to give them working space—and that is to SELL, and sell quickly!

"Next Stop: Hoboken"

Thousands of parents, wives and friends cannot get to New York to see their boys land—yet all are anxious to know how the boys feel; what they say; how they act; what are their home-coming thoughts; how they are handled. So Edna Ferber went on one of the big transports, talked with the boys and rode from the dock with them. You feel you are with our boys: she makes you see the picture.

"Honest, Folks: They're Doin' Nothin' For Me"

That's what our wounded boys write home. Is it true? We have the right to know. Every father and mother who has a wounded boy in hospital here or over there: every parent whose boy may get sick over there: every citizen who has the interests of our brave boys at heart should know. Here is the story—not from hearsay, but direct from the source.

No Nothin'!"

ONE YEAR AGO GERMANS BEGAN GREAT ASSAULT

One year ago today:
A new German drive is heralded by terrific artillery bombardment along the entire western front. German 75-mm. gun again opens fire on Paris, killing women and children.
Crack German regiments assault American lines before Villers Bretonneux.
Four batteries shell allied line from Loos to Arras.
Allied reserves fast dispatching. STRENGTHEN NOW TO THE VICTORY. LIBERTY LOAN WHAT YOU WOULD HAVE PAID FOR VICTORY THEN.

Revenue Stamps on Sale at Postoffice

Under the provisions of the revenue act of 1915, approved February 24, 1919, all postoffices are required, beginning today, to keep on sale internal revenue proprietary stamps. These stamps are to be used for internal revenue taxes upon medicinal, toilet and similar preparations. The denominations are 1, 2, 3, 4, 5, 6, 10, 20 and 50 cent stamps. Manufacturers and other users of proprietary and proprietary stamps in large quantities will obtain them from the nearest collector or stamp deputy of internal revenue. Within a few days the government will furnish a list of the names and locations of such collectors. Postmaster Joseph J. Rosborough has secured a large quantity of such stamps.

College Romance to Result in Wedding

That a college romance would culminate in the wedding of Miss Gladys Hobron of Honolulu and

Clarence H. Dyer of Cornell University a few days after the arrival of the bride-elect from the Hawaiian islands, was the surprise given yesterday by the Honolulu press.

IN JUNCTION ON WARTIME 'DRY' ACT IS SOUGHT

The wets of California took their first active step against the enforcement of the federal wartime prohibition act when Attorney Theodore A. Bell, representing Ephraim Light and R. J. Williams, grape growers of California, filed a petition in the federal court here today asking an injunction against U. S. Attorney Annette A. Adams to prevent such enforcement. An order to show cause was granted and the hearing will be had here May 19.

The bill of complaint is based on two points, the unconstitutionality of the wartime prohibition act as a whole "insofar as it purports to apply to the production, manufacture or sale of wines or other intoxicating vinous liquor for beverage purposes being repugnant to the tenth amendment."

VICTORY LOAN AT A GLANCE SEVEN DAYS LEFT FOR DRIVE

County	Quota	Today	To Date	Still to Go

Oakland has seven more days to raise \$6,769,775, which means that \$967,190 must be secured each day from now on. Oakland's quota for yesterday was \$822,875. But \$396,200 was raised, the city falling short \$426,675.

Pamphlets Ask Aid for Murder Suspect

Pamphlets giving what purports to be the history in this country of Pavel Melnicoff, Greenwood bomb murder suspect, being held in the immigration station on Angel Island, are being circulated in the bay district. Accompanying Melnicoff's statement there is printed excerpts from various daily newspapers.

MAYNARD KEEPS WEDDING SECRET

Effete hillside circles in Berkeley gleamed their first hint today, a fortnight after the event, of the marriage of John B. Maynard of the Wells Fargo-Nevada National Bank of San Francisco, and Miss Alma L. Labaree, the daughter of Mr. and Mrs. Milton S. Labaree of 1815 Scenic avenue, in that city.

Maynard also is a Berkeley man, residing at 2401 Virginia street. His wedding is the central one in a veritable nuptial epidemic in which his family is involved this spring. First, and just recently, his son, Almy Maynard, student in the University of California, married Miss Agnes O'Neil, daughter of a Berkeley art dealer. Then, within the next week or so, another son, Blanchard Maynard, is to be married.

His bride-to-be is an Alameda girl of prominence. The reason for keeping the wedding of the elder Maynard and Miss Labaree so long a secret has not yet been explained. The family of the bride was reticent when questioned this morning. The John Maynards are at home at the Virginia street address.

Both Maynard and his bride and their respective families have been socially prominent in Berkeley for some years. Maynard has been connected for a long period with the Wells Fargo bank. He and Miss Labaree were married in this city April 13.

2 Sisters Exchange Immorality Charges

Charges of immorality were hurled back and forth at each other across the courtroom of Judge E. C. Robinson by two sisters, Mrs. Elizabeth J. Higgins and Mrs. Julia Smith. The former was petitioner for letter of guardianship of their mother, Mrs. Julia C. God, incompetent, and the application was opposed by the sister.

No Raise in Prices of VICTROLAS or VICTOR RECORDS due to War Tax

Beginning May first, a Revenue Tax was imposed on numerous articles, including Talking Machines, Phonographs and Records. The Victor Talking Machine Co. announces that it will absorb this tax, paying it at the Factory, to the Government. Therefore prices on Victrolas and Victor Records will remain the same.

STANFORD AND CALIFORNIA BOTH CONFIDENT OF WINNING BIG TRACK MEET AT BERKELEY

CALIFORNIA DOPESTERS GIVE THEIR TRACK ATHLETES A SLIGHT EDGE

By DOUG MCNTELL

UNIVERSITY OF CALIFORNIA May 2.—Having seen that according to advance indications California will be able at least to hold her own or do better than Stanford in the track events Saturday, it is time to turn to the field, where California's stronghold in the past and see where the advantage of the meet will lie. It is quite optimistically stated at California that the Bruins will win, breaking the string of Cardinal victories, and if this is to be done, the field will be the place for the great gain over the men from the farm.

The hammer throw is to be the first event on the program, starting at 8:15. The 15-pound maul is a thing around it is not safe to be competing in other activities. California has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country.

STANFORD IN SHOT. Then coming to the shot put, the shoe is on the other foot and Stanford is figured to carry off first honors. Stanford has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country.

Back onto the California side of the fence comes the high jump, where California has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country.

RIVAL COLLEGES MEET ON TENNIS COURT. UNIVERSITY OF CALIFORNIA May 2.—Tennis will be the first event on the program, starting at 8:15. The 15-pound maul is a thing around it is not safe to be competing in other activities. California has the advantage in the event and has the men who are reputed to be the best in the country.

C. HAS JUMPERS. California will give the Cardinal a bad shock in the broad jump, where Stanford has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country.

HARD TO FIGURE. The javelin is the hardest event of the meet to figure out. Stanford has the advantage in the event and has the men who are reputed to be the best in the country. Stanford has the advantage in the event and has the men who are reputed to be the best in the country.

Finals Reached in Golf Tournament. SPRINGMEAD, Cal., May 2.—In the final round of the championship tournament for the Northern California title between Mrs. C. F. Ford and Mrs. J. L. Baker, the latter won in a close contest.

FITZGERALD LETS BERKELEY GET ONE HIT

Gene Fitzgerald, captain of the Technical high school baseball line, elected himself to do the pitching for his team in their second game of the A. C. A. L. which was won by Berkeley, 7 to 5. Fitzgerald showed that he can still throw the old apple by letting the Berkeley boys down with one long and winding curve ball.

WASHINGTON CREW LOOKS FORMIDABLE

The Washington varsity crew snapped as the boys were starting out on a practice spin on the estuary. Above are the oarsmen and their coach ED. LEADER. Reading from left to right they are: ED LEADER, coach; NEGLER, co-captain; BRANDLTHALER, LOGG, BURQUE, KRONFIELD, RICHARDSON, CAMPBELL, LUFT, NORTHFIELD.

Crack Crews Will Row on The Estuary

Washington, California and Stanford Ready for Regatta.

UNIVERSITY OF CALIFORNIA, May 2.—After a rest of a year due to the war, rowing is about to start in the estuary between Stanford and Washington. The regatta will be held on Saturday morning. The advantage of the regatta this year seems to be the fact that the crews are more experienced than in previous years.

PROSPECTS POOR. California has failed in winning a crew race for many years past, and it looks like the same thing will happen in a battle between Stanford and Washington. The crews are more experienced than in previous years, but the prospects are still poor.

CARDINAL HAS EDGE. The last Cardinal victory in rowing was in 1915 when Stanford finished first in both freestyle and varsity races. The Cardinal is now in a position to win the regatta, but the prospects are still poor.

WHEAT USED AS FLOUR CARRIER

PORTLAND, Ore., May 22.—Negotiations are pending between the division of operations for the shipping board and the Puget Sound Navigation Co., a corporation for the purpose of having the Puget Sound fleet be used in the war and to have flour carriers from the Puget Sound fleet. This information was given today by C. D. Kennel, head of the division of operations. It is understood that the vessel was sent out several weeks ago from San Francisco with perishable cargoes has been returned to the Puget Sound fleet. Kennel recommending such cargoes be sent to the Puget Sound fleet. The war has been the inability to a reasonable insurance rate for the war. However, enough steel steamers to carry flour from this port to take care of the situation for some time to come.

**Big Winery Quits;
Giant Plant Closes**

STOCKTON, May 2.—After operating in this county for sixty-five years, the Elgin Winery, better known as West's Winery, the largest plant of its kind in the state, has suspended business. Government officials put locks on the doors and the company will comply with the new prohibition law. It is possible that the winery will be turned into a dairy.

as a great amount of alfalfa has been planted there recently, or that it will be made into a plant for drying grapes. For several years the winery has been leased by the California Wine Association from George West & Sons, the yearly lease amounting to about \$50,000. The new winery was built about ten years ago at a cost of \$200,000, to take the place of the old one, destroyed by fire. The ruins of the old winery, built of adobe in 1854, have been left standing for sentimental reasons.

**51 Churches Hit
by German Bombs**

LONDON, May 2.—Fifty-one places of worship in London were struck by bombs during the various air raids by German Zeppelins and airplanes during the war. Among them were St. Paul's Cathedral, Southwark Cathedral, Westminster Abbey, the City Temple, Chapel Royal, Choir House and the General Assembly Hall, Mile End.

**\$6,000,000 IN
NINE DAYS IS
OAKLAND'S JOB**

After a smashing opening Oakland is lagging behind in the Victory loan campaign. This was the official notification from the sales department to the Victory loan committee yesterday and was the occasion of an executive session of the committee for three hours.

The facts developed at the meeting were that after totaling \$2,000,000 during the first week of the campaign the sale of the bonds dropped off to an amazing degree. Explanations of the failure of response offered at the meeting were that the Victory loan committee had been too sanguine over the initial prospects, that an impression prevails among many that the war is over and that the necessity of subscribing to the government loan is passed and to general indifference on the part of the public.

"Oakland has always put the government campaigns across in the past," announced Walter D. Cole, campaign manager, in an appeal which he sent out this morning. "Let's not fall down in this loan—the last. We have approximately \$6,000,000 to secure and but nine days left in which to secure it."

"During the last campaigns the Liberty bond buttons were the general sight on the streets. Our Victory loan button is more or less of a rarity. 'Let every one do his duty and do it right now. This loan must be put over. The war is not over, it will not be over until peace is signed. We are still a nation at war and if we fall down on this campaign we are doing a terrible thing. Our soldiers are now coming back to us. The fact that we are bringing them back, safe and sound, is due to the fact that the people at home backed them with their dollars. Now let's finish the work that the boys started. The work will not have been finished until every debt has been paid. That's what this money is for.'"

PARLORS TO GIVE DANCE. Bay View Parlor, No. 223, and Bayview Parlor, No. 204, will give a dance at Native Sons' Hall, Eleventh and Clay streets, tomorrow evening at 8:15 o'clock.

**Health Center Near the Lake
Medical Authority Tells of Need**

The site for the health center for Alameda county will be selected within a few days, according to an announcement which came this morning from the board of governors of the new organization. Four of the seven sites under consideration have been rejected. It is probable that the temple of health will be situated at some point near Lake Merritt, probably in the vicinity of the Municipal Auditorium, carrying out the plan of a civic center. Designs are being drawn for the building, which will accommodate the various phases of service combined in the new program.

Dr. Michael Davis, director of the Boston Dispensary, offering medical aid to more than 40,000 persons each year, and an authority on health centers in the United States, addressed the members of the board of governors at Hotel Oakland last night. A brisk discussion followed the close of his formal speech.

PROBLEMS ARE GROWING. "Alameda county has opportunities to grasp its problems while they are small," commented Dr. Davis, "and solve them while yet they can be solved. With the rapid growth of population, the coming in of industries, new elements enter, problems of housing, education, Americanization, disease and health grow larger and more complex. Such a great county as this has the opportunity to prevent itself, facing some day the staggering of many Eastern communities. Such communities have let things go without realizing that a harvest day of social ills is coming, which foresight and effort at the right time would have averted. They say that in New England it takes one generation to make a precedent, and two generations to break one. I have the impression that in California, to make a precedent it takes two weeks and to break one perhaps two days, provided a better one is in sight."

"A health center is a good investment for a progressive community. The war has proved that health pays. 'Fitness is one of the greatest of all causes of poverty, dependence, and inefficiency among wage earners. To cure illness saves money as well as suffering; prevention is more beneficial and economical than cure.'"

In a brief survey Dr. Davis presented the scope of the great health centers of the country, particularly in Cleveland, New York, Cincinnati, Philadelphia, Buffalo, Detroit. The speaker cautioned that the medical aid be entirely free of the stigma of charity.

Dr. William I. Streetmann, president of the Alameda County Medical Society and formerly connected with health centers in Cleveland and Cincinnati, outlined the work which had been accomplished there. A resume of the annual state conference of social agencies in San Jose last week was given by Dr. Aurelia Reinhardt.

STUDIES HEALTH PROBLEMS. At the request of the Carnegie Corporation of New York, Dr. Davis has been making a study of the health problems of the foreign born in the United States during the past year. Among those who heard him last night were representatives of the medical societies of Alameda county, including Dr. Streetmann, Dr. Campbell, Dr. Paul Anderson, Dr. Harry East Miller, bureau of occupational readjustment; Dr. R. G. Broderick, director of the Alameda county hospitals; Dr. Chesley Lush, director of Arroyo Sanatorium; Dr. Hayward G. Thomas, Dr. E. N. Newell, Dr. Robert Legge, director of the U. C. infirmary; Miss Ethel Moore, chairman of the Recreation Department; Oakland's Mrs. S. M. Marks, president Baby Hospital Association; Mrs. J. C. Lynch, Berkeley Dispensary; Mrs. Thomas Hogan, Catholic Ladies Aid; Harry Laffler, A. S. Lavenson, Judge Charles E. Snook, George W. Priek, Dr. Susan Denton, president Oakland Associated Charities; Oscar Suro, P. E. Jowles, Arthur C. Tashira and many others.

MONDAY IS VICTORY DAY! Monday is Victory day! Monday is a day to be observed as a half-holiday.

From Sacramento will come a flock of aviators, who will cut capers over Lake Merritt in the afternoon. The army birdsmen will write "Victory" across the skies. The flight and aerial circus has been arranged for by the officials and the heads of the Victory loan committee. The fliers will arrive in V formation.

George C. Davis, head of the aviation department of the Victory loan committee, has announced the official program.

Mayor John L. Davis, Chairman William C. Miller of the Victory loan committee, Chairman Joseph E. Caine of the executive committee, Campaign Manager Walter D. Cole, George C. Davis and Preston Higgins will meet the aviators at Albany and escort them to a luncheon at the Athenian-Nile Club.

The aerial pageant will begin at 2 o'clock. In the evening a great Victory day mass meeting will be held in the Municipal Auditorium, with music by the naval training station band from Goat Island.

Colonel Ralph Peneff has issued a call for all Victory soldiers, sailors, whether mustered out or not, to mobilize in uniform at 7 p. m. Monday at the city hall. They will take part in the great pageant.

TAKES SAVINGS FROM OLD SOCK TO BUY BONDS

He went before G. W. Ludlow of the Victory loan department of the Oakland Bank of Savings.

He opened his coat and vest. He drew a safety-pin that clamped on his vest pocket.

He reached into the pocket and drew forth a sock with a draw-string over the top.

He untied the draw-string and produced a roll of bills.

"I'll subscribe to the Victory loan even if it is a lot of trouble," he announced.

He subscribed \$500.

POLITICAL NOTES

Harry G. Williams, candidate for city auditor and assessor, was the guest of honor at three big fraternal meetings last night. He spoke yesterday afternoon at the Crystal Laundry and the Contra Costa Laundry, and in the evening at a neighborhood meeting at the home of Mrs. R. Brown on East Fifteenth street and at a meeting of Oakland Harbor of Native Sons. Harry L. Boyle has issued a statement favoring Williams' candidacy and has asked the men and women who supported him at the primaries to vote for Williams next Tuesday.

At the Plymouth Social Service club last night, Commissioner of Streets P. F. Jackson emphasized the importance of all the people going to the polls next Tuesday.

"It is regrettable," said Jackson, "that so few of our citizens seem to care much about their franchise privileges. Right now there is a hot plot in the hatching to give the police department of Oakland over to the gambling element. At the eleventh hour they attempted by bribery and other criminal means to make it appear that a long time ago, when I was head of the police department, there was much crooked work done. The investigation into this plot is about finished and not one particle of evidence has been given to support a single part of the gamblers' diabolical scheme to oust me from office. Instead, there is written testimony before Commissioner Morse that Captain Petersen's calumny about me is absolutely false. Get out and vote on Tuesday."

HER HUSBAND WILL WORK. CHICAGO.—We traveled a lot, judge. We were evicted forty times," said Mrs. Charles Drayer, charging her husband with non-support. Drayer moved to the workhouse for one year.

perhaps two days, provided a better one is in sight.

"A health center is a good investment for a progressive community. The war has proved that health pays. 'Fitness is one of the greatest of all causes of poverty, dependence, and inefficiency among wage earners. To cure illness saves money as well as suffering; prevention is more beneficial and economical than cure.'"

In a brief survey Dr. Davis presented the scope of the great health centers of the country, particularly in Cleveland, New York, Cincinnati, Philadelphia, Buffalo, Detroit. The speaker cautioned that the medical aid be entirely free of the stigma of charity.

Dr. William I. Streetmann, president of the Alameda County Medical Society and formerly connected with health centers in Cleveland and Cincinnati, outlined the work which had been accomplished there. A resume of the annual state conference of social agencies in San Jose last week was given by Dr. Aurelia Reinhardt.

STUDIES HEALTH PROBLEMS. At the request of the Carnegie Corporation of New York, Dr. Davis has been making a study of the health problems of the foreign born in the United States during the past year.

Among those who heard him last night were representatives of the medical societies of Alameda county, including Dr. Streetmann, Dr. Campbell, Dr. Paul Anderson, Dr. Harry East Miller, bureau of occupational readjustment; Dr. R. G. Broderick, director of the Alameda county hospitals; Dr. Chesley Lush, director of Arroyo Sanatorium; Dr. Hayward G. Thomas, Dr. E. N. Newell, Dr. Robert Legge, director of the U. C. infirmary; Miss Ethel Moore, chairman of the Recreation Department; Oakland's Mrs. S. M. Marks, president Baby Hospital Association; Mrs. J. C. Lynch, Berkeley Dispensary; Mrs. Thomas Hogan, Catholic Ladies Aid; Harry Laffler, A. S. Lavenson, Judge Charles E. Snook, George W. Priek, Dr. Susan Denton, president Oakland Associated Charities; Oscar Suro, P. E. Jowles, Arthur C. Tashira and many others.

MONDAY IS VICTORY DAY! Monday is a day to be observed as a half-holiday.

From Sacramento will come a flock of aviators, who will cut capers over Lake Merritt in the afternoon. The army birdsmen will write "Victory" across the skies. The flight and aerial circus has been arranged for by the officials and the heads of the Victory loan committee. The fliers will arrive in V formation.

George C. Davis, head of the aviation department of the Victory loan committee, has announced the official program.

Mayor John L. Davis, Chairman William C. Miller of the Victory loan committee, Chairman Joseph E. Caine of the executive committee, Campaign Manager Walter D. Cole, George C. Davis and Preston Higgins will meet the aviators at Albany and escort them to a luncheon at the Athenian-Nile Club.

The aerial pageant will begin at 2 o'clock. In the evening a great Victory day mass meeting will be held in the Municipal Auditorium, with music by the naval training station band from Goat Island.

Colonel Ralph Peneff has issued a call for all Victory soldiers, sailors, whether mustered out or not, to mobilize in uniform at 7 p. m. Monday at the city hall. They will take part in the great pageant.

TAKES SAVINGS FROM OLD SOCK TO BUY BONDS

He went before G. W. Ludlow of the Victory loan department of the Oakland Bank of Savings.

He opened his coat and vest. He drew a safety-pin that clamped on his vest pocket.

He reached into the pocket and drew forth a sock with a draw-string over the top.

He untied the draw-string and produced a roll of bills.

"I'll subscribe to the Victory loan even if it is a lot of trouble," he announced.

He subscribed \$500.
